CERTIFICATE OF COVERAGE

[Product Name]

This Certificate is Guaranteed Renewable subject 24-A M.R.S.A. § 2850-B.

RIGHT TO EXAMINE

This Certificate replaces any previous Certificates issued by Us.

Services provided during an Inpatient stay that started during an existing Certificate will continue to be covered by the terms of that Certificate until You are discharged or reach any of the Certificate's limits or maximums, whichever occurs first.

If this Certificate of Coverage is provided to You as a new Member, and if You decide not to accept this Certificate, return it to Our home office (Anthem Blue Cross and Blue Shield; 2 Gannett Drive; South Portland, ME 04106-6911) within 10 days after its delivery date. Please include a written request to cancel it. We will then refund any Subscription Charges less any claims paid under this Certificate.

Welcome to Anthem!

We are pleased that You have become a Member of Our health Plan, where it's Our mission to improve the health of the people We serve. We've designed this Certificate to give a clear description of Your benefits, as well as Our rules and procedures.

This Certificate explains many of the rights and duties between You and Us. It also describes how to get health care, what services are covered, and what part of the costs You will need to pay. Many parts of this Certificate are related. Therefore, reading just one or two sections may not give You a full understanding of Your coverage. You should read the whole Certificate to know the terms of Your coverage.

This Certificate, the application, and any amendments or riders attached shall constitute the entire Certificate under which Covered Services and supplies are provided by Us.

Many words used in the Certificate have special meanings (e.g., Covered Services, and Medical Necessity). These words are capitalized and are defined in the "Definitions" section. See these definitions for the best understanding of what is being stated. Throughout this Certificate You will also see references to "we," "us," "our," "you," and "your." The words "we," "us," and "our" mean Anthem Blue Cross and Blue Shield (Anthem). The words "you" and "your" mean the Member, Subscriber and each covered Dependent.

Should You have a complaint, problem or question about Your health Plan or any services received, a Member Services representative will assist You. Contact Member Services by calling the number on the back of Your Member Identification Card. Also be sure to check Our website, [www.anthem.com] for details on how to find a Provider, get answers to questions, and access valuable health and wellness tips. Thank you again for enrolling in the Plan!

HOW YOUR COVERAGE WORKS

The purpose of this section is to help You understand how to receive the highest level of benefits available under this Plan. It provides details about Network Providers who have entered into an agreement with Anthem and Non-Network Providers who have not. You will also find information about how to access a list of Network Providers in Your service area and the importance of choosing a Primary Care Physician.

****

[Optional Language: HMO Plans Only]

Your Plan is an HMO Plan. To get benefits for Covered Services, You must use Network Providers, unless We have approved an Authorized Service or if Your care involves Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, or Urgent Care services received at an Urgent Care Center.

Network Services

If Your care is rendered by a Primary Care Physician (PCP), Specialty Care Physician (SCP), or another Network Provider, benefits will be paid at the Network level. Regardless of Medical Necessity, no benefits will be paid for care that is not a Covered Service even if performed by a PCP, SCP, or another Network Provider. All medical care must be under the direction of physicians. We have final authority to determine the Medical Necessity of the service.

We may inform You that it is not Medically Necessary for You to receive services or remain in a Hospital or other Facility. This decision is made upon review of Your condition and treatment. You have the right to file a grievance as outlined in the "If You Have a Complaint or an Appeal" section of this Certificate.

- Network Providers - include PCPs, SCPs, other professional Providers, Hospitals, and other Facility Providers who contract with Us to perform services for You. PCPs include general practitioners, internists, family practitioners, pediatricians, obstetricians and gynecologists, geriatricians or other Network Providers as allowed by Us. The PCP is the physician who may provide, coordinate, and arrange Your health care services. SCPs are Network physicians who provide specialty medical services not normally provided by a PCP.

For services rendered by Network Providers:

- You will not be required to file any claims for services You obtain directly from Network Providers. Network Providers will seek compensation for Covered Services rendered from Us and not from You except for approved Deductibles, Coinsurance, and/or Copayments. You may be billed by Your Network Providers for any non-Covered Services You receive or when You have not acted in accordance with this Certificate.
- When required, prior approval of benefits is the responsibility of the Network Provider. See the "Requesting Approval for Benefits" section.

If there is no Network Provider who is qualified to perform the treatment You require, contact Us prior to receiving the service or treatment, and We may approve a Non-Network Provider for that service as an Authorized Service.

Non-Network Services

Covered Services which are not obtained from a PCP, SCP or another Network Provider, or that are not Authorized Services will be considered a Non-Network service. The only exceptions are Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, or Urgent Care services received at an Urgent Care Center. In addition, certain services are not covered unless obtained from a Network Provider; see the "Schedule of Cost Share and Benefits."

For services rendered by a Non-Network Provider, You are responsible for:

- Filing claims;
- Higher Cost Sharing amounts;
- Non-Covered Services;
- Services that are not Medically Necessary;
- The difference between the actual charge and the Maximum Allowed Amount, plus any Deductibles and/or Copayments/Coinsurances.

Anthem has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from non-participating or Non-Network Providers could be balanced billed by the non-participating/Non-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

[Optional Language: POS Plans Only]

Your Plan is a POS Plan. The Plan has two sets of benefits: Network and Non-Network. If You choose a Network Provider, You will pay less in out-of-pocket costs, such as Copayments, Deductibles, and Coinsurance. If You use a Non-Network Provider, You will have to pay more out-of-pocket costs unless Your care involves Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, or Urgent Care services received at an Urgent Care Center.

Network Services

When You use a Network Provider or get care as part of an Authorized Service, Covered Services will be covered at the Network level. Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service. We have final authority to decide the Medical Necessity of the service. We may inform You that it is not Medically Necessary for You to receive services or remain in a Hospital or other Facility. This decision is made upon review of Your condition and treatment. You may Appeal this decision. See the “If You Have a Complaint or an Appeal” section of this Certificate.

Network Providers include Primary Care Physicians (PCPs), Specialists (Specialty Care Physicians - SCPs), other professional Providers, Hospitals, and other Facilities who contract with Us to care for You. PCPs include general practitioners, internists, family practitioners, pediatricians, obstetricians and gynecologists, geriatricians or other Network Providers as allowed by Us. The PCP is the physician who may provide, coordinate, and arrange Your health care services. SCPs are Network physicians who provide specialty medical services not normally provided by a PCP.

A consultation with a Network health care Provider for a second opinion may be obtained at the same Copayment/Coinsurance as any other service.

For services rendered by Network Providers:

- You will not be required to file any claims for services You obtain directly from Network Providers. Network Providers will seek compensation for Covered Services rendered from Us and not from You except for approved Deductibles, Coinsurance, and/or Copayments. You may be billed by Your Network Providers for any non-Covered Services You receive or when You have not acted in accordance with this Certificate.
- When required, prior approval of benefits is the responsibility of the Network Provider. See the “Requesting Approval for Benefits” section.

If there is no Network Provider who is qualified to perform the treatment You require, contact Us prior to receiving the service or treatment, and We may approve a Non-Network Provider for that service as an Authorized Service.

Non-Network Services

When You do not use an Network Provider, Covered Services are covered at the Non-Network level, unless Your care involves Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, or Urgent Care services received at an Urgent Care Center.

For services from a Non-Network Provider:

1) In addition to any Deductible and/or Coinsurance/Copayments, the Non-Network Provider can charge You the difference between their bill and the Plan's Maximum Allowed Amount;
2) You may have higher Cost Sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments);
3) You will have to pay for services that are not Medically Necessary;
4) You will have to pay for non-Covered Services;
5) You may have to file claims; and
6) You must make sure any necessary Precertification is done.

We will not deny or restrict Covered Services just because You get treatment from a Non-Network Provider; however, You may have to pay more.

How to Find a Provider in the Network

There are three ways You can find out if a Provider or Facility is in the Network for this Plan. You can also find out where they are located and details about their license or training.

- See Your Plan's directory of Network Providers at [www.anthem.com], which lists the doctors, Providers, and Facilities that participate in this Plan's Network.
- Call Member Services to ask for a list of doctors and Providers that participate in this Plan's Network based on specialty and geographic area.
- Check with Your doctor or Provider.

If You need details about a Provider's license or training or help choosing a doctor who is right for You, call the Member Services number on the back of Your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with Us to help with Your needs.

You do not need a referral to see a Specialty Care Physician. You can visit any Network Specialist including a behavioral health Provider without a referral from a Primary Care Physician.

Primary Care Physician (PCP)

The Primary Care Physician (PCP) is a doctor who can provide initial care, basic medical services and can be responsible for ongoing patient care. PCPs are usually internal medicine doctors, family practice

doctors, general practitioners, pediatricians, or obstetricians/gynecologists (OB/GYNs). As Your first point of contact, the PCP gives a wide range of health care services, including initial diagnosis and treatment, health supervision, management of chronic conditions, and preventive care.

Selecting a Primary Care Physician (PCP)

Your Plan requires You to select a Primary Care Physician from Our Network, or We will assign one. We will notify You of the PCP that We have assigned. You may then use that PCP or choose another PCP from Our Provider directory. Please see "How to Find a Provider in the Network" for more details.

PCPs include family practitioner, pediatrician, internist, obstetrician/gynecologist (OB/GYN), qualified certified nurse practitioners or other qualified Primary Care Physicians, as required by law, for services within the scope of their license. For example, an internist or general practitioner may be chosen for adults and a pediatrician may be selected for children. If You want to change Your PCP, contact Us or refer to Our website, [www.anthem.com].

The First Thing To Do – Make an Appointment With Your PCP

Your PCP's job is to help You stay healthy, not just treat You when You are sick. After You choose a PCP, make an appointment with Your PCP. During this appointment, get to know Your PCP and help Your PCP get to know You. At Your first appointment, talk to Your PCP about:

- Personal health history.
- Family health history.
- Lifestyle.
- Any health concerns You have.

It is important to note, if You have not established a relationship with Your PCP, they may not be able to effectively treat You. To see a doctor, call their office:

- Tell them You are an Anthem Member,
- Have Your Member Identification Card handy. The doctor's office may ask You for Your group or Member identification number.
- Tell them the reason for Your visit.

When You go to the office, be sure to bring Your Member Identification Card with You.

Maintaining the Patient-Physician Relationship

Members enroll in this Plan with the understanding that the Primary Care Physician is responsible for determining appropriate treatment for the Member. For personal or religious reasons, some Members may disagree with the treatment recommended by the Primary Care Physician. They may demand treatment that the Primary Care Physician or We judge to be incompatible with proper medical care. In the event of such disagreement, Members have the right to refuse the recommendation of the Primary Care Physician. Members who do not adhere to recommended treatment or who use non-recognized sources of care because of such disagreement, do so with the full understanding that We have no obligation for the costs of such non-authorized care.

Changing Your Primary Care Physician

If You or a Dependent wish to change PCPs, You may call Us to obtain a change form. You may also change Your PCP over the telephone by calling a Member Services Representative at the telephone number on Your ID Card.

When You change PCPs, the change is effective on the first day of the month after: 1) Your change form is received and accepted; or 2) You call to request the change.

If Your Primary Care Physician's participation in this Network ends, We will notify You and will furnish You with a list of Primary Care Physicians so You can choose a new one. If You do not choose a new Primary Care Physician within the specified time, We may assign a Primary Care Physician of the same specialty (if available) for You. If Your Primary Care Physician unexpectedly withdraws from the Network, You may be assigned a temporary Primary Care Physician until You choose a new one.

Referrals

We provide more extensive benefits when health care services are provided or coordinated by Your Primary Care Physician. You will receive most of Your health care services from Your Primary Care Physician. If Your Primary Care Physician determines that You need specialized care, he or she will authorize You to receive health care services from another health care Provider. A Referral from Your Primary Care Physician is not a guarantee of coverage for those services. The service must also be covered within the terms of this Certificate. Thus, regardless of Medical Necessity, no benefits will be provided for care that is not a Covered Service, even if performed by Your PCP or authorized as a Referral service. You may call a Member Services Representative at the number on Your ID Card to determine if the service is a Covered Service.

If Your Primary Care Physician authorizes a Referral to a Provider, make sure You understand:

- The name of the Provider to whom You are being referred.
- The period of time, the number of visits and services for which care is authorized.
- Who is to make the appointment(s) with that Provider - You or Your Primary Care Physician's office staff.

You will need to discuss additional care recommended by the referring Provider with Your Primary Care Physician, if the care exceeds the initial Referral for services. If Your referred Provider recommends You to another Provider, You must contact Your Primary Care Physician prior to any treatment so he or she can determine if that care will be authorized. Only Your Primary Care Physician can authorize care with another Provider. If Your Primary Care Physician authorizes these services, benefits will be provided according to the terms of this Certificate. Care that is not authorized by Your Primary Care Physician is not covered, unless otherwise stated in this Certificate. You do not need a Referral from Your Primary Care Physician for Mental Health and Substance Abuse treatment services. Please refer to the "Requesting Approval for Benefits" section of this Certificate for details on prior authorization.

Note: If Your Primary Care Physician determines You do not need a Referral and You disagree, You have the right to Appeal the decision as outlined in the "If You Have a Complaint or an Appeal" section of this Certificate.

Referrals to Specialists

Your Primary Care Physician may refer You to a Specialist. Specialists are Providers who practice in specialty areas such as neurology, surgery, and others. With the prior authorization of Your Primary Care Physician, You can obtain care from Network Specialists.

You do not need a Referral or approval from Your PCP to see an Obstetrician/Gynecologist (OB/GYN).

Referral to Non-Network

You may require services that are not available from Providers within the Network. Your Primary Care Physician may make a Referral to a Non-Network Provider. Referrals to a Non-Network Provider must be approved by Us for services to be reimbursed.

Standing Referrals

A Member with a special condition requiring ongoing care from a Specialist may receive a standing Referral to a Specialist for treatment of the special condition from the Member's PCP. A special condition

is a condition or disease that is life-threatening, degenerative, or disabling and requires specialized medical care over a prolonged period of time. A standing Referral must be made according to a treatment plan, approved by Our medical director in consultation with the Member's PCP.

Referrals from Former PCP

Referrals from Your former PCP are not valid. You should discuss the Referrals with Your new PCP.

Dental Providers

A dentist is a person who is licensed to practice dentistry by the governmental authority having jurisdiction over the licensing and practice of dentistry. This includes a dental hygienist.

Dental Providers

A dentist is a person who is licensed to practice dentistry by the governmental authority having jurisdiction over the licensing and practice of dentistry. This includes a dental hygienist.

You do not have to select a particular dentist to receive dental benefits. You can choose any dentist You want for Your dental care. However, Your dentist choice can make a difference in how benefits are covered and how much You will pay out-of-pocket. You may have more out-of-pocket costs if You use a dentist that is a non-participating dentist. There may be differences in the amount We pay between a participating dentist and a non-participating dentist.

Continuity of Care

If Your Network Provider leaves Our Network because We have terminated their contract for other than for cause, and You are in active treatment, You may be able to continue seeing that Provider for a limited period of time and still receive Network benefits. "Active treatment" includes:

1) An ongoing course of treatment for a life-threatening condition.
2) An ongoing course of treatment for a serious acute condition, (examples include chemotherapy, radiation therapy and post-operative visits).

3) The second or third trimester of pregnancy and through the postpartum period.

4) An ongoing course of treatment for a health condition for which the physician or health care Provider attests that discontinuing care by the current physician or Provider would worsen Your condition or interfere with anticipated outcomes. An "ongoing course of treatment" includes treatments for Mental Health and Substance Abuse Disorders.

In these cases, You may be able to continue seeing that Provider until treatment is complete, or for 90 days, whichever is shorter. If You wish to continue seeing the same Provider, You or Your doctor should contact Member Services for details. Any decision by Us regarding a request for continuity of care is subject to the Appeals process.

Identification Card

When You receive care, You must show Your Identification Card. Only a Member who has paid the Subscription Charge under this Certificate has the right to services or benefits under this Certificate. If anyone receives services or benefits to which he/she is not entitled to under the terms of this Certificate, he/she is responsible for the actual cost of the services or benefits.

After Hours Care

If You need care after normal business hours, Your doctor may have several options for You. You should call Your doctor's office for instructions if You need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens.

- If Your condition is an Emergency, You should be taken to the nearest appropriate medical Facility. In the event of an Emergency, call 911.
- Your coverage includes benefits for services rendered by Providers other than Network Providers when the condition treated is an Emergency, as defined in this Certificate.

Relationship of Parties (Anthem and Network Providers)

The relationship between Anthem and Network Providers is an independent contractor relationship. Network Providers are not agents or employees of Ours, nor is Anthem, or any employee of Anthem, an employee or agent of Network Providers.

Your health care Provider is solely responsible for all decisions regarding Your care and treatment, regardless of whether such care and treatment is a Covered Service under this Plan. We shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by You while receiving care from any Network Provider or for any injuries suffered by You while receiving care from any Network Provider's Facilities.

Your Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Providers, including Network Providers, Non-Network Providers, and disease management programs. If You have questions regarding such incentives or risk sharing relationships, please contact Your Provider or Us.

Subcontracted Organizations or Entities

We may subcontract particular services to organizations or entities that have specialized expertise in certain areas. This may include, but is not limited to, Prescription Drugs, mental health, behavioral health and substance abuse services. Such subcontracted organizations or entities may make benefit determinations and/or perform administrative, claims paying, or customer service duties on Our behalf.

REQUESTING APPROVAL FOR BENEFITS

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigational as those terms are defined in this Certificate. Utilization Review aids in the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

Reviewing Where Services Are Provided

A service must be Medically Necessary to be a Covered Service. When level of care, setting or place of service is part of the review, services that can be safely given to You in a lower level place of care or lower cost setting, will not be Medically Necessary if they are given in a higher level place of care, or higher cost setting. This means that a request for a service may be denied because it is not Medically Necessary for that service to be provided in the place of care or setting that is being requested. When this happens the service can be requested again in another setting or place of care and will be reviewed again for Medical Necessity. At times a different type of Provider or Facility may need to be used in order for the service to be considered Medically Necessary.

Examples include, but are not limited to:

- A service may be denied on an Inpatient basis at a Hospital but may be approved if provided on an Outpatient basis in a Hospital setting.
- A service may be denied on an Outpatient basis in a Hospital setting but may be approved at a free-standing imaging center, infusion center, ambulatory surgical center, or in a physician's office.
- A service may be denied at a Skilled Nursing Facility but may be approved in a home setting.

Certain Services must be reviewed to determine Medical Necessity in order for You to get benefits. Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. Anthem may decide that a treatment that was asked for is not Medically Necessary if a clinically equivalent treatment is more cost effective, available and appropriate. "Clinically equivalent" means treatments that for most Members, will give You similar results for a disease or condition.

If You have any questions about the Utilization Review process, the medical policies or clinical guidelines, You may call the Member Services phone number on the back of Your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed even if We decide Your services are Medically Necessary. For benefits to be covered, on the date You get service:

1. You must be eligible for benefits;
2. Subscription Charge must be paid for the time period that services are given;
3. The service or supply must be a Covered Service under Your Plan;
4. The service cannot be subject to an exclusion under Your Plan; and
5. You must not have exceeded any applicable limits under Your Plan.

Types of Reviews

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.
    - **Precertification** – A required pre-service Review for a benefit coverage determination for a service or treatment. Certain Services require Precertification in order for You to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental or Investigational as those terms are defined in this Certificate.

For admissions following Emergency Care, You, Your authorized representative or doctor must tell Us within 48 hours of the admission or as soon as possible within a reasonable period of time. For labor/childbirth admissions, Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require Precertification.

- **Continued Stay/Concurrent Review** – A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a Facility or course of treatment.

Both pre-service and continued stay/concurrent reviews may be considered urgent when, in the view of the treating Provider or any doctor with knowledge of Your medical condition, without such care or treatment, Your life or health or Your ability to regain maximum function could be seriously threatened or You could be subjected to severe pain that cannot be adequately managed without such care or treatment.

Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review –** A review of a service, treatment or admission for a benefit coverage that is conducted after the service or supply has been provided. Post-service reviews are performed when a service, treatment or admission did not need Precertification. Post-service reviews are done for a service, treatment or admission in which We have a related clinical coverage guideline and are typically initiated by Us.

Who is Responsible for Precertification

Typically, Network Providers know which services need Precertification and will get any Precertification when needed. Your Primary Care Physician and other Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, Facility or attending doctor ("requesting Provider") will get in touch with Us to ask for a Precertification. However, You may request a Precertification, or You may choose an authorized representative to act on Your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

How Decisions are Made

We will use Our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make Our Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section “Prescription Drugs Administered by a Medical Provider”. Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning Your request. To ask for this information, call the Precertification phone number on the back of Your Identification Card.

If You are not satisfied with Our decision under this section of Your benefits, please refer to the “If You Have a Complaint or an Appeal” section to see what rights may be available to You.

Decision and Notice Requirements

We will review requests for benefits according to the timeframes listed below. The timeframes and requirements listed are based on State and federal laws. Where State laws are stricter than federal laws, We will follow State laws. If You live in and/or get services in a State other than the State where Your Certificate was issued, other State-specific requirements may apply. You may call the phone number on the back of Your Identification Card for more details.

Type of Review	**Timeframe Requirement for Decision and Notification**
Pre-service Urgent	48 hours from the receipt of request
Pre-service Non-Urgent	2 working days after receiving all necessary information

Concurrent/Continued Stay Review when hospitalized at the time of the request	1 working day after receiving all necessary information prior to expiration of current certification
Concurrent/Continued Stay Review Urgent when request is received more than 24 hours before the end of the previous authorization	1 working day after receiving all necessary information
Concurrent/Continued Stay Review Urgent when request is received less than 24 hours before the end of the previous authorization or no previous authorization exists	1 working day after receiving all necessary information
Concurrent/Continued Stay Review Non-Urgent	1 working day after receiving all necessary information
Post-service Review	30 calendar days after receiving all necessary information

If more information is needed to make Our decision, We will tell the requesting Provider of the specific information needed to finish the review. If We do not get the specific information We need by the required timeframe, We will make a decision based upon the information We have.

We will notify You and Your Provider of Our decision as required by State and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

Important Information

Anthem may, from time to time, waive, enhance, modify or discontinue certain medical management processes (including Utilization Review, case management, and disease management) and/or offer an alternative benefit if, in Anthem's discretion, such change is in furtherance of the provision of cost effective, value based and/or quality services.

We may also select certain qualifying Providers to participate in a program that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt Your claim from medical review if certain conditions apply.

Just because Anthem exempts a process, Provider or claim from the standards which otherwise would apply, it does not mean that Anthem will do so in the future, or will do so in the future for any other Provider, claim or Member. Anthem may stop or modify any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs by checking Your on-line Provider directory, on-line Precertification list, or contacting the Member Services number on the back of Your ID Card.

We also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then We may use one or more clinical Utilization Review guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to Plan's Members.

Health Plan Individual Case Management

Our health Plan case management programs (case management) help coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs

coordinate benefits and educate Members who agree to take part in the case management program to help meet their health-related needs.

Our case management programs are confidential and voluntary and are made available at no extra cost to You. These programs are provided by, or on behalf of and at the request of, Your health Plan case management staff. These case management programs are separate from any Covered Services You are receiving.

If You meet program criteria and agree to take part, We will help You meet Your identified health care needs. This is reached through contact and team work with You and/or Your chosen representative, treating doctor(s), and other Providers.

In addition, We may assist in coordinating care with existing community-based programs and services to meet Your needs. This may include giving You information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, We may provide benefits for alternate care that is not listed as a Covered Service. We may also extend Covered Services beyond the benefit maximums of this Plan. We will make Our decisions case-by-case, if in Our discretion the alternate or extended benefit is in the best interest of the Member and Anthem. A decision to provide extended benefits or approve alternate care in one case does not obligate Us to provide the same benefits again to You or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, We will notify You or Your representative in writing.

Members' Rights and Responsibilities

You have the right to:

- Request in writing a copy of Our clinical review criteria used in arriving at any denial or reduction of benefits;
- Appeal any adverse determinations based on Medical Necessity;
- Refuse treatment for any condition, illness, or disease without jeopardizing future treatment.

Second Surgical Opinion

Second surgical opinion is an opinion given by a network board certified surgeon when Your doctor recommends surgery. It is important to note that although You may receive a second surgical opinion, the choice of having the surgery is always Yours.

To receive benefits for a second surgical opinion, You must receive approval from Us prior to seeking the second surgical opinion. We pay up to the Maximum Allowed Amount for second surgical opinions. Deductibles and Coinsurance do not apply to this benefit. For approval of a second surgical opinion, call toll-free Member Services number on the back of Your ID Card.

If You receive a second surgical opinion without approval by Us, then normal Cost Share and limits will apply.

WHAT IS COVERED

This section describes the Covered Services available under this Certificate. Covered Services are subject to all the terms and conditions listed in this Certificate, including, but not limited to, benefit maximums, Deductibles, Copayments, Coinsurance, exclusions and Medical Necessity requirements.

Please read the following sections of this Certificate for more information about the Covered Services described in this section:

- Schedule of Cost Share and Benefits – for amounts You need to pay and benefit limits
- Requesting Approval for Benefits – for details on selecting Providers and services that require pre-authorization
- What is not Covered (Exclusions) – for details on services that are not covered

Benefits are listed alphabetically to make them easy to find. Please note that several sections may apply to Your claims. For example, if You have Inpatient surgery, benefits for Your Hospital stay will be described under "Hospital Services; Inpatient Hospital Care" and benefits for Your doctor's services will be described under "Inpatient Professional Services". As a result, You should read all sections that might apply to Your claims.

You should also know that many Covered Services can be received in several settings, including a doctor's office, an Urgent Care Center, an Outpatient Facility, or an Inpatient Facility. Benefits will often vary depending on where You choose to get Covered Services, and this can result in a change in the amount You need to pay.

Medical Services

Ambulance Services (Air, Ground and Water)

Medically Necessary ambulance services are a Covered Service when:

- You are transported by a State licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, fixed wing, rotary wing or water transportation.

And one or more of the following are met:

- You are taken:
  1) From Your home, scene of an accident or medical Emergency to a Hospital;
  2) Between Hospitals, including when We require You to move from a Non-Network Hospital to a Network Hospital; or
  3) Between a Hospital, Skilled Nursing Facility (ground transport only) or approved Facility.

You must be taken to the nearest Facility that can give care for Your condition. In certain cases We may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or injury by medical professionals during an ambulance service, even if You are not taken to a Facility.

Non-Network Providers may bill You for any charges that exceed the Plan's Maximum Allowed Amount.

Ground Ambulance

Services are subject to Medical Necessity review by the Plan.

Air and Water Ambulance

Air ambulance services are subject to Medical Necessity review by the Plan. The Plan retains the right to select the air ambulance Provider. This includes fixed wing, rotary wing or water transportation.

Air ambulance services for non-Emergency Hospital to Hospital transports must be preauthorized.

Hospital to Hospital Air Ambulance Transport

Air ambulance transport is for purposes of transferring from one Hospital to another Hospital and is a Covered Service if such air ambulance transport is Medically Necessary, for example, if transportation by ground ambulance would endanger Your health or the transferring Hospital does not have adequate Facilities to provide the medical services needed. Examples of such specialized medical services that are generally not available at all types of Facilities may include but are not limited to: burn care, cardiac care, trauma care, and critical care. Transport from one Hospital to another Hospital is covered only if the Hospital to which the patient is transferred is the nearest one with medically appropriate Facilities.

Fixed and Rotary Wing Air Ambulance

Fixed wing or rotary wing air ambulance is furnished when Your medical condition is such that transport by ground ambulance, in whole or in part, is not appropriate. Generally, transport by fixed wing or rotary wing air ambulance may be necessary because Your condition requires rapid transport to a treatment Facility, and either great distances or other obstacles preclude such rapid delivery to the nearest appropriate Facility. Transport by fixed wing or rotary wing air ambulance may also be necessary because You are located in a place that is inaccessible to a ground or water ambulance Provider.

Autism Services

We provide coverage for any assessments, evaluations or tests by a licensed physician or licensed psychologist to diagnose whether an individual has an Autism Spectrum Disorder. Treatment of Autism Spectrum Disorders is covered when it is determined by a licensed physician or licensed psychologist

that the treatment is Medically Necessary Health Care, as defined in the Certificate of Coverage. A licensed physician or licensed psychologist may be required to demonstrate ongoing Medical Necessity for coverage at least annually.

Blood Transfusions

Benefits include coverage for blood transfusions including the cost of blood, blood plasma, and blood plasma expanders, and administrative costs of autologous blood pre-donations.

Clinical Trials

Benefits include coverage for services, such as routine patient care costs given to You as a participant in an approved clinical trial if the services are Covered Services under this Plan. An "approved clinical trial" means a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or other life-threatening conditions. The term life-threatening condition means any disease or condition from which death is likely unless the disease or condition is treated.

Benefits are limited to the following trials:

1. Federally funded trials approved or funded by one of the following:
   a. The National Institutes of Health.
   b. The Centers for Disease Control and Prevention.
   c. The Agency for Health Care Research and Quality.
   d. The Centers for Medicare & Medicaid Services.

Emergency Care Services

If You are experiencing an Emergency please call 911 or visit the nearest Hospital for treatment.

Benefits are available in a Hospital Emergency Room for services and supplies to treat the onset of symptoms for an Emergency, which is defined below.

Emergency (Emergency Medical Condition)

"Emergency," or "Emergency Medical Condition", means a medical or behavioral health condition of recent onset and sufficient severity, including but not limited to, severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that his or her condition, sickness, or injury is of such a nature that not getting immediate medical care could result in: (a) placing the patient's health or the health of another person in serious danger or, for a pregnant woman, placing the woman's health or the health of her unborn child in serious danger; (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part. Such conditions include but are not limited to, chest pain, stroke, poisoning, serious breathing problems, unconsciousness, severe burns or cuts, uncontrolled bleeding, or seizures and such other acute conditions.

Emergency Care means a medical or behavioral health exam done in the Emergency Department of a Hospital, and includes services routinely available in the Emergency Department to evaluate an Emergency Medical Condition. It includes any further medical or behavioral health exams and treatment required to stabilize the patient.

Stabilize, with respect to an Emergency Medical Condition, means: To provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a Facility. With respect to a pregnant woman who is having contractions, the term "stabilize" also means to deliver (including the placenta), if there is inadequate time to affect a safe transfer to another Hospital before delivery or transfer may pose a threat to the health or safety of the woman or the unborn child.

If You are admitted to the Hospital from the Emergency Room, be sure that You or Your doctor calls Us as soon as possible. We will review Your care to decide if a Hospital stay is needed and how many days You should stay. If You or Your doctor do not call Us, You may have to pay for services that are determined to be not Medically Necessary.

[Optional Language: HMO Plans Only]

Treatment You get after Your condition has stabilized is not Emergency Care. If You continue to get care from a Non-Network Provider, Covered Services will not be available unless We agree to cover them as an Authorized Service.

Transplant: Human Organ and Bone Marrow/Stem Cell/Cord Blood

This section describes benefits for certain covered transplant procedures that You get during the transplant Benefit Period. Any Covered Services related to a covered transplant procedure, received before or after the transplant Benefit Period, are covered under the regular Inpatient and Outpatient benefits described elsewhere in this Certificate.

Tissue Transplant

Your Plan includes coverage for Medically Necessary tissue transplants and are covered like any other surgery, under the regular Inpatient and Outpatient benefits described elsewhere in this Certificate. Tissues include bones, tendons (both referred to as musculoskeletal grafts), cornea, skin, heart valves, nerves and veins.

Covered Transplant Procedure

Any Medically Necessary human organ and bone marrow/stem cell/cord blood transplants and infusions as determined by Us, including necessary acquisition procedures, mobilization, collection and storage, and including Medically Necessary myeloablative or reduced intensity preparative chemotherapy or radiation therapy or a combination of these therapies.

The initial evaluation, any added tests to determine Your eligibility as a candidate for a transplant by Your Provider, and the collection and storage of bone marrow/stem cells is included in the covered transplant procedure benefit regardless of the date of service.

Unrelated Donor Searches

When approved by Anthem, Your coverage includes benefits for unrelated donor searches for bone marrow/stem cell transplants performed by an authorized and licensed registry for a covered transplant procedure.

Live Donor Health Services

Medically Necessary charges for the procurement of an organ from a live donor are covered up to the Maximum Allowed Amount, including complications from the donor procedure for up to six weeks from the date of procurement.

Donor Searches

Unrelated donor searches from an authorized, licensed registry for bone marrow /stem cell/cord blood transplants for a covered transplant procedure are covered when approved through Precertification. Donor search charges are limited to the 10 best matched donors, identified by an authorized registry.

Transplant Benefit Period

Starts one day prior to a covered transplant procedure and continues for the applicable case rate/global time period. The number of days will vary depending on the type of transplant received and the Network transplant Provider agreement. Contact the Case Manager for specific Network transplant Provider information for services received at or coordinated by a Network transplant Provider Facility. Services received from a Non-Network transplant Facility starts one day prior to a covered transplant procedure and continues to the date of discharge.

Prior Approval and Precertification

In order to maximize Your benefits, You will need to call Our transplant department to discuss benefit coverage when it is determined a transplant may be needed. You must do this before You have an evaluation and/or work-up for a transplant. We will assist You in maximizing Your benefits by providing coverage information, including details regarding what is covered and whether any clinical coverage guidelines, medical policies, Network transplant Provider requirements, or exclusions are applicable. Please call Us to find out which Hospitals are Network transplant Providers. Contact the Member Services telephone number on the back of Your Identification Card and ask for the transplant coordinator. Even if We issue a prior approval for the covered transplant procedure, You or Your Provider must call Our transplant department for Precertification prior to the transplant whether this is performed in an Inpatient or Outpatient setting.

Please note that there are instances where Your Provider requests approval for Human Leukocyte Antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final determination as to what transplant procedure will be requested. Under these circumstances, the HLA testing and donor search charges are covered as routine diagnostic testing. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search services performed by an authorized registry and/or a collection and storage is NOT an approval for the subsequent requested transplant. A separate Medical Necessity determination will be made for the transplant procedure.

Transportation and Lodging

The Plan will provide assistance with reasonable and necessary travel expenses as determined by Us when You obtain prior approval and are required to travel more than 75 miles from your residence to reach the Facility where Your transplant evaluation and /or transplant work-up and covered transplant procedure will be performed. Our assistance with travel expenses includes transportation to and from the Facility and lodging for the patient and one companion. Travel costs for the donor are generally not covered, unless We make an exception and approve them in advance of the procedure. If the Member receiving treatment is a minor, then reasonable and necessary expenses for transportation and lodging may be allowed for two companions. The Member must submit itemized receipts for transportation and lodging expenses in a form satisfactory to Us when claims are filed. Contact Us for detailed information.

For lodging and ground transportation benefits, We will provide a maximum benefit up to the current limits set forth in the Internal Revenue Code.

The human organ and bone marrow/stem cell/cord blood transplant services benefits or requirements described above do not apply to the following:

- Cornea, ventricular assist devices; and
- Any Covered Services, related to a covered transplant procedure, received prior to or after the transplant Benefit Period. Please note that the initial evaluation and any necessary additional testing to determine Your eligibility as a candidate for transplant by Your Provider and the mobilization, collection and storage of bone marrow / stem cells is included in the covered transplant procedure benefit regardless of the date of service.

The above services are covered as Inpatient services, Outpatient services or physician home visits and office services depending where the service is performed subject to Member Cost Share.

Urgent Care Services

Often an urgent rather than an Emergency health problem exists. An urgent health problem is an unexpected illness or injury that calls for care that cannot wait until a regularly scheduled office visit. Urgent health problems are not life threatening and do not call for the use of an Emergency Room. Urgent health problems include earache, sore throat, and fever (not above 104 degrees). Benefits for Urgent Care may include:

- X-ray services;
- Care for broken bones;

- Tests such as flu, urinalysis, pregnancy test, rapid strep;
- Lab services;
- Stitches for simple cuts; and
- Draining an abscess.

Prescription Drugs

This section describes how You can obtain covered Prescription Drugs administered by a Medical Provider or through a Retail Pharmacy, Our Home Delivery Pharmacy, or Our Specialty Pharmacy. Please see the information below that describes how Prescription Drugs are covered.

Prescription Drugs Administered by a Medical Provider

Your Plan covers Prescription Drugs, including Specialty Drugs, that must be administered to You as part of a doctor's visit, home care visit, or at an Outpatient Facility and are Covered Services. This may include drugs for infusion therapy, chemotherapy, blood products, certain injectables, and any drug that must be administered by a Provider. This section applies when a Provider orders the drug and a medical Provider administers it to You in a medical setting. Benefits for drugs that You inject or get through Your Pharmacy benefit (i.e., Self-Administered Drugs) are not covered under this section. Benefits for those drugs are described in the "Prescription Drug Benefit at a Retail or Home Delivery Pharmacy" section.

Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, Your prescribing doctor may be asked to give more details before We can decide if the Prescription Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, We have established criteria.

The criteria which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration;
- Specific clinical criteria (including but not limited to requirements regarding age (based upon FDA labeling), test result requirements, and/or presence of a specific condition or disease);
- Specific Provider qualifications (including but not limited to REMS certification (Risk, Evaluation and Mitigation Strategies));
- Step therapy requiring one drug, drug regimen or treatment be used prior to use of another drug, drug regimen or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated;
- Use of an Anthem Prescription Drug List (a formulary developed by Anthem which is a list of FDA-approved drugs that have been reviewed and recommended for use based on their quality and cost effectiveness).

Precertification

Precertification may be required for certain Prescription Drugs to make sure proper use and guidelines for Prescription Drug coverage are followed. We will give the results of Our decision to both You and Your Provider.

For a list of Prescription Drugs that need Precertification, please call the phone number on the back of Your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under Your Plan. Your Provider may check with Us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Please refer to the section "Requesting Approval for Benefits" for more details.

If Precertification is denied, You have the right to file a grievance as outlined in the "If You have a Complaint or an Appeal" section of this Certificate.

Designated Pharmacy Provider

Anthem, in its sole discretion, may establish one or more Designated Pharmacy Provider programs which provide specific pharmacy services (including shipment of Prescription Drugs) to Members. A Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the Network Provider must have signed a Designated Pharmacy Provider Agreement with Us. You or

Your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to You or Your Provider and administered in your Provider's office, You and Your Provider are required to order from a Designated Pharmacy Provider. A patient care coordinator will work with You and Your Provider to obtain Precertification and to assist shipment to Your Provider's office.

We may also require You to use a Designated Pharmacy Provider to obtain Specialty Drugs for treatment of certain clinical conditions such as hemophilia. We reserve Our right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to You. Anthem may, from time to time, change with or without advance notice, the Designated Pharmacy Provider for a drug, if in Our discretion, such change can help provide cost effective, value based and/or quality services.

You can get the list of the Prescription Drugs covered under this section by calling Member Services at the phone number on the back of Your Identification Card or check Our website at [www.anthem.com].

Therapeutic Substitution

Therapeutic substitution is an optional program that tells You and Your doctor about alternatives to certain prescribed drugs. We may contact You and Your doctor to make You aware of these choices. Only You and Your doctor can determine if the therapeutic substitute is right for You. For questions or issues about therapeutic drug substitutes, call Member Services at the phone number on the back of Your Identification Card.

Prescription Drug Benefit at a Retail, Home Delivery, or Specialty Pharmacy

Your Plan also includes benefits for Prescription Drugs You get at a Retail, Home Delivery, or Specialty Pharmacy. We use a Pharmacy Benefits Manager (PBM) to manage these benefits. The PBM has a network of Retail Pharmacies, a Home Delivery Pharmacy, and a Specialty Pharmacy. The PBM works to make sure drugs are used properly. This includes checking that Prescriptions are based on recognized and appropriate doses and checking for drug interactions or pregnancy concerns.

Certain contracted Maine Retail Pharmacies can fill Your Prescription at the same Copayments that apply to the Home Delivery Pharmacy level of benefits. Please ask Your Pharmacy if they offer this special arrangement or call Member Services at the phone number on Your ID Card for a list of Retail Pharmacies that offer the Home Delivery Pharmacy level of benefits.

Note: Benefits for Prescription Drugs, including Specialty Drugs, which are administered to You by a medical Provider in a medical setting (e.g., doctor's office visit, home care visit, or Outpatient Facility) are

covered under the “Prescription Drugs Administered by a Medical Provider” benefit. Please read that section for important details.

Prescription Drug Benefits

Prescription Drug benefits may require Prior Authorization to determine if Your drugs should be covered. Your Network pharmacist will be told if Prior Authorization is required and if any additional details are needed for Us to decide benefits.

Prior Authorization

Prior Authorization is the process of getting benefits approved before certain Prescriptions can be filled.

Prescribing Providers must obtain Prior Authorization for drug edits in order for You to get benefits for certain drugs. At times, Your Provider will initiate a Prior Authorization on Your behalf before Your Pharmacy fills Your Prescription. At other times, the Pharmacy may make You or Your Provider aware that a Prior Authorization or other information is needed. In order to determine if the Prescription Drug is eligible for coverage, We have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration;
- Specific clinical criteria (including but not limited to requirements regarding age (based upon FDA labeling), test result requirements, and/or presence of a specific condition or disease);
- Specific Provider qualifications (including but not limited to REMS certification (Risk, Evaluation and Mitigation Strategies));
- Step therapy requiring one drug, drug regimen or treatment be used prior to use of another drug, drug regimen or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated;
- Use of a Prescription Drug List (as described below).

You or Your Provider can get the list of the drugs that require Prior Authorization by calling Member Services at the phone number on the back of Your Identification Card or check Our website at [www.anthem.com]. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under Your Plan. Your Provider may check with Us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Anthem may, from time to time, waive, enhance, change or end certain Prior Authorization and/or alternate benefits, if in Our sole discretion; such change furthers the provision of cost effective, value based and/or quality services.

If Prior Authorization is denied, You have the right to file a grievance as outlined in the “If you have a Complaint or an Appeal” section of this Certificate.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the FDA and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and You must get them from a licensed Pharmacy. Controlled Substances must be prescribed by a licensed Provider with an active Drug Enforcement Administration (DEA) license.

Benefits are available for the following:

- Prescription Legend Drugs from either a Retail Pharmacy or the PBM’s Home Delivery Pharmacy;
- Specialty Drugs;
- Self-Administered Drugs. These are drugs that do not need administration or monitoring by a Provider in an office or Facility. Injectables and infused drugs that need Provider administration

and/or supervision are covered under the “Prescription Drugs Administered by a Medical Provider” benefit;

- Self-injectable insulin and supplies and equipment used to administer insulin;
- Self-Administered contraceptives, including oral contraceptive drugs, self-injectable contraceptive drugs, contraceptive patches, and contraceptive rings. Coverage is also provided for FDA-approved contraceptives up to a 12-month supply of prescribed Contraceptives, when dispensed or furnished at one time by a Provider or pharmacist, or at a location licensed or otherwise authorized to dispense drugs or supplies. Certain contraceptives are covered under the “Preventive Care” benefit. Please see that section for more details.
- Flu shots (including administration).

Where You Can Get Prescription Drugs

Network Pharmacy

You can visit one of the local Retail Pharmacies in Our network. Give the Pharmacy the Prescription from Your doctor and Your Identification Card and they will file Your claim for You. You will need to pay any Copayment, Coinsurance, and/or Deductible that applies when You get the drug. If You do not have Your Identification Card, the Pharmacy will charge You the full retail price of the Prescription and will not be able to file the claim for You. You will need to ask the Pharmacy for a detailed receipt and send it to Us with a written request for payment.

Note: If We determine that You may be using Prescription Drugs in a harmful or abusive manner, or with harmful frequency, Your selection of Network Pharmacies may be limited. If this happens, We may require You to select a single Network Pharmacy that will provide and coordinate all future Pharmacy services. Benefits will only be paid if You use the single Network Pharmacy. We will contact You if We determine that use of a single Network Pharmacy is needed and give You options as to which Network Pharmacy You may use. If You do not select one of the Network Pharmacies We offer within 31 days, We will select a single Network Pharmacy for You. If You disagree with Our decision, You may ask Us to reconsider it as outlined in the “If you have a Complaint or an Appeal” section of this Certificate.

In addition, if We determine that You may be using Controlled Substance Prescription Drugs in a harmful or abusive manner, or with harmful frequency, Your selection of Providers for Controlled Substance Prescriptions may be limited. If this happens, We may require You to select a single Network Provider that will provide and coordinate all Controlled Substance Prescriptions. Benefits for Controlled Substance Prescriptions will only be paid if You use the single Network Provider. We will contact You if We determine that use of a single Network Provider is needed and give You options as to which Network Provider You may use. If You do not select one of the Network Providers We offer within 31 days, We will select a single Network Provider for You. If You disagree with Our decision, You may ask Us to reconsider it as outlined in the “If you have a Complaint or an Appeal” section of this Certificate.

Your Plan has two levels of coverage. To get the lowest out-of-pocket cost, You must get Covered Services from a Level 1 Network Pharmacy. If You get Covered Services from any other Network Pharmacy, benefits will be covered at Level 2 and You may pay more in Deductible, Copayments, and Coinsurance.

Level 1 Network Pharmacies. When You go to Level 1 Network Pharmacies, (also referred to as Core Pharmacies), You pay a lower Copayment / Coinsurance on Covered Services than when You go to other Network Providers.

Level 2 Network Pharmacies. When You go to Level 2 Network Pharmacies, (also referred to as Wrap Pharmacies), You pay a higher Copayment / Coinsurance on Covered Services than when You go to a Level 1 Network Pharmacy.

[Optional Language: POS Plans Only]

Non-Network Pharmacy

You may also use a Pharmacy that is not in Our network. You will be charged the full retail price of the drug and You will have to send Your claim for the drug to Us. (Non-Network Pharmacies won't file the claim for You.) You can get a claims form from Us or the PBM. You must fill in the top section of the form and ask the Non-Network Pharmacy to fill in the bottom section. If the bottom section of this form cannot be filled out by the pharmacist, You must attach a detailed receipt to the claim form. The receipt must show:

- Name and address of the Non-Network Pharmacy;
- Patient's name;
- Prescription number;
- Date the prescription was filled;
- Name of the drug;
- Cost of the drug;
- Quantity (amount) of each covered drug or refill dispensed.

You must pay the amount shown in the Schedule of Cost Share and Benefits. This is based on the Maximum Allowed Amount as determined by Our normal or average contracted rate with Network Pharmacies on or near the date of service.

[Optional Language: POS Plans Only]

Specialty Pharmacy

We keep a list of Specialty Drugs that may be covered based upon clinical findings from the Pharmacy and Therapeutics (P&T) Process, and where appropriate, certain clinical economic reasons. This list will change from time to time. We may require You or Your doctor to order certain Specialty Drugs from the PBM's Specialty Pharmacy.

When You use the PBM's Specialty Pharmacy its patient care coordinator will work with You and Your doctor to get Prior Authorization and to ship Your Specialty Drugs to Your home or Your preferred address. Your patient care coordinator will also tell You when it is time to refill Your Prescription.

You can get the list of covered Specialty Drugs by calling Member Services at the phone number on the back of Your Identification Card or check Our website at [www.anthem.com].

When You Order Your Prescription Through the PBM's Specialty Pharmacy

You can have Your Prescription for a Specialty Drug filled through the PBM's Specialty Pharmacy. Specialty Drugs are limited to a 30-day supply per fill. The PBM's Specialty Pharmacy will deliver Your Specialty Drugs to You by mail or common carrier for self-administration in Your home. You cannot pick up Your medication at Anthem.

Specialty Pharmacy Program

If You are out of a Specialty Drug which must be obtained through the PBM's Specialty Pharmacy program, We will authorize an override of the Specialty Pharmacy program requirement for 72-hours, or until the next business day following a holiday or weekend to allow You to get a 72-hour Emergency supply of medication, or the smallest packaged quantity, whichever is greater, if Your doctor decides that it is appropriate and Medically Necessary. You may have to pay the applicable Copayment/Coinsurance, if any.

If You order Your Specialty Drug through the PBM's Specialty Pharmacy and it does not arrive, if Your doctor decides that it is Medically Necessary for You to have the drug immediately, We will authorize an override of the Specialty Pharmacy program requirement for a 30-day supply or less to allow You to get an Emergency supply of medication from a participating Pharmacy near You. A Member Services representative from the PBM's Specialty Pharmacy will coordinate the exception and You will not be required to pay additional Coinsurance.

Home Delivery Pharmacy

The PBM also has a Home Delivery Pharmacy which lets You get certain drugs by mail if You take them on a regular basis (Maintenance Medication). You will need to contact the PBM to sign up when You first use the service. You can mail written prescriptions from Your doctor or have Your doctor send the Prescription to the Home Delivery Pharmacy. Your doctor may also call the Home Delivery Pharmacy. You will need to send in any Copayments, Deductible, or Coinsurance amounts that apply when You ask for a Prescription or refill.

Maintenance Medication

A Maintenance Medication is a drug you take on a regular basis to treat or control a chronic illness such as heart disease, high blood pressure, epilepsy, or diabetes. If You are not sure the Prescription Drug You are taking is a Maintenance Medication, please call Member Services at the number on the back of Your Identification Card or check Our website at [www.anthem.com] for more details.

When using Home Delivery, We suggest that You order Your refill two weeks before You need it to avoid running out of Your medication. For any questions concerning the Home Delivery program, You can call Member Services toll-free at [1-800-281-5524].

The Prescription must state the dosage and Your name and address; it must be signed by Your doctor.

The first Home Delivery Prescription You submit must include a completed patient profile form. This form will be sent to You upon becoming eligible for this program. Any subsequent Home Delivery Prescriptions for that insured need only the Prescription and payment enclosed.

You must authorize the pharmacist to release information needed in connection with the filling of a Prescription to the designated Home Delivery Prescription Drug program.

Note: Some Prescription Drugs and/or medicines are not available or are not covered for purchase through the Home Delivery Prescription Drug program including, but not limited to, antibiotics, drugs not on the Prescription Drug List, drugs and medications to treat Infertility, impotence and/or sexual dysfunction, injectables, including Self-Administered injectables except insulin. Please check with the Home Delivery Prescription Drug program Member Services department at [1-866-274-6825] for availability of the drug or medication.

What You Pay for Prescription Drugs

Tiers

Your share of the cost for Prescription Drugs may vary based on the tier the drug is in.

To get the lowest out-of-pocket cost, You must get Covered Services from a Level 1 Network Pharmacy.

- **Tier 1 Drugs** have the lowest Coinsurance or Copayment. This tier contains low cost and preferred drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products, or multi-source Brand Drugs.
- **Tier 2 Drugs** have a higher Coinsurance or Copayment than those in Tier 1. This tier may contain preferred drugs that may be Generic, single source, Biosimilars, Interchangeable Biologic Product or multi-source Brand Drugs.
- **Tier 3 Drugs** have a higher Coinsurance or Copayment than those in Tier 2. This tier may contain higher cost, preferred, and non-preferred drugs that may be Generic, single source, Biosimilars, Interchangeable Biologic Product or multi-source Brand Drugs.
- **Tier 4 Drugs** have a higher Coinsurance or Copayment than those in Tier 3. This tier may contain higher cost, preferred, and non-preferred drugs that may be Generic, single source, Biosimilars, Interchangeable Biologic Product or multi-source Brand Drugs.

We assign drugs to tiers based on clinical findings from the Pharmacy and Therapeutics (P&T) Process. We retain the right, at Our discretion, to decide coverage for doses and administration (i.e., oral, injection, topical, or inhaled). We may cover one form of administration instead of another, or put other forms of administration in a different tier.

Note: Your Deductible, Copayment(s) and/or Coinsurance will not be reduced by any discounts, rebates or other funds received by Anthem's designated PBM from drug manufacturers, wholesalers, distributors, and/or similar vendors and/or funds received by Anthem from Anthem's designated PBM.

Prescription Drug List

We also have a Prescription Drug List, (a formulary), which is a list of FDA-approved drugs that have been reviewed and recommended for use based on their quality and cost effectiveness. Benefits may not be covered for certain drugs if they are not on the Prescription Drug List.

The Prescription Drug List is developed by Us based upon clinical findings, and where proper, the cost of the drug relative to other drugs in its therapeutic class or used to treat the same or similar condition. It is also based on the availability of over-the-counter medicines, Generic Drugs, the use of one drug over another by Our Members, and where proper, certain clinical economic reasons.

If You have a question regarding whether a drug is on the Prescription Drug List, please refer to Our website at [www.anthem.com].

We retain the right, at Our discretion, to decide coverage for doses and administration methods (i.e oral, injected, topical, or inhaled) and may cover one form of administration instead of another as Medically Necessary.

This Plan limits Prescription Drug coverage to those Prescription Drugs listed on Our Prescription Drug List. This formulary contains a limited number of Prescription Drugs, and may be different than the formulary for other Anthem products. Benefits may not be covered for certain Prescription Drugs if they are not on the Prescription Drug List. Generally, it includes select Generic Drugs with limited Brand Drug coverage. This list is subject to periodic review and modification by Anthem. We may add or delete Prescription Drugs from this Prescription Drug List from time to time. Inclusion of a drug or related item on the covered Prescription Drug List is not a guarantee of coverage. Unless a Drug is being removed from the formulary due to safety concerns, We will provide 60 days written notice of an adverse change to the formulary to Members who are currently taking the Prescription Drug. An adverse change to the formulary includes the removal of a Prescription Drug from the formulary. It also includes moving the Prescription Drug to a higher cost share tier when such decision is not a result of the introduction to the market of a Generic equivalent of that Prescription Drug. A description of the Prescription Drugs that are listed on this Prescription Drug List is available upon request and at [www.anthem.com].

Exception Request for a Drug not on the Prescription Drug List

If You or Your doctor believe You need a Prescription Drug that is not on the Prescription Drug List, please have Your doctor or pharmacist get in touch with Us. We will cover the other Prescription Drug only if We agree that it is Medically Necessary and appropriate over the other drugs that are on the Prescription Drug List. We will make a coverage decision within 72 hours of receiving Your request. If We approve the coverage of the drug, coverage of the drug will be provided for the duration of Your Prescription, including refills. If We deny coverage of the drug, You have the right to request an external review by an Independent Review Organization (IRO). The IRO will make a coverage decision within 72 hours of receiving Your request. If the IRO approves the coverage of the drug, coverage of the drug will be provided for the duration of Your Prescription, including refills.

You or Your doctor may also submit a request for a Prescription Drug that is not on the Prescription Drug List based on exigent circumstances. Exigent circumstances exist if You are suffering from a health condition that may seriously jeopardize Your life, health, or ability to regain maximum function, or if You are undergoing a current course of treatment using a drug not covered by the Plan. We will make a coverage decision within 24 hours of receiving Your request. If We approve the coverage of the drug, coverage of the drug will be provided for the duration of the exigency. If We deny coverage of the drug, You have the right to request an external review by an IRO. The IRO will make a coverage decision within 24 hours of receiving Your request. If the IRO approves the coverage of the drug, coverage of the drug will be provided for the duration of the exigency.

Coverage of a drug approved as a result of Your request or Your doctor's request for an exception will only be provided if You are a Member enrolled under the Plan.

Drug Utilization Review

If there are patterns of over utilization or misuse of drugs, We will notify Your personal doctor and Your pharmacist. We reserve the right to limit benefits to prevent over utilization of drugs.

Prescription Drug Continuity

If You have been undergoing a course of treatment with a Prescription Drug that has been prior authorized by Your prior carrier, You may continue with that Prescription Drug until We conduct a review of the Prior Authorization with Your Provider. Anthem has the right to request a review with Your prescribing Provider. We will honor the prior carrier's Prior Authorization for a period up to 6 months if Your Provider participates in the review and requests the Prior Authorization be continued. We are not required to provide benefits for conditions or services not otherwise covered under Our Certificate, and Cost Sharing may be based on the Copayments and Coinsurance requirements of this Certificate.

Additional Features of Your Prescription Drug Pharmacy Benefit

Day Supply and Refill Limits

Certain day supply limits apply to Prescription Drugs as listed in the "Schedule of Cost Share and Benefits." In most cases, You must use a certain amount of Your Prescription before it can be refilled. In some cases We may let You get an early refill. For example, We may let You refill Your Prescription early if it is decided that You need a larger dose. As required by Maine law, one early refill for Prescription eye drops may be available. We may also authorize coverage for less than a 30-day supply for purposes of synchronizing medications. We will work with the Pharmacy to decide when this should happen.

If You are going on vacation and You need more than the day supply allowed, You should ask Your pharmacist to call Our PBM and ask for an override for one early refill. If You need more than one early refill, please call Member Services at the number on the back of Your Identification Card.

Half-Tablet Program

The Half-Tablet program lets You pay a reduced Copayment on selected "once daily dosage" drugs on Our approved list. The program lets You get a 30-day supply (15 tablets) of the higher strength drug when the doctor tells You to take a "½ tablet daily." The Half-Tablet program is strictly voluntary and You should talk to Your doctor about the choice when it is available. To get a list of the drugs in the program call the number on the back of Your Identification Card.

Therapeutic Substitution

Therapeutic substitution is an optional program that tells You and Your doctor about alternatives to certain prescribed drugs. We may contact You and Your doctor to make You aware of these choices. Only You and Your doctor can determine if the therapeutic substitute is right for You. For questions or issues about therapeutic drug substitutes, call Member Services at the phone number on the back of Your Identification Card.

Split Fill Dispensing Program

Pediatric Dental Care

Your Dental Benefits. Dental care treatment decisions are made by You and Your dentist. We cover treatment based on what benefits You have, not whether the care is medically or dentally necessary. The only exception is when You get orthodontic care — We do review those services to make sure they're appropriate.

Pretreatment Estimates. When You need major dental care, like crowns, root canals, dentures/bridges, oral surgery, or braces — it's best to go over a care or treatment plan with Your dentist beforehand. It should include a "pretreatment estimate" so You know what it will cost.

You or Your dentist can send Us the pretreatment estimate to get an idea of how much of the cost Your benefits will cover. Then You can work with Your dentist to make financial arrangements, before You start treatment.

Pediatric Dental Essential Health Benefits. The following dental care services are covered for Members until the end of the month in which they turn 19. All Covered Services are subject to the terms, limitations, and exclusions of this Certificate. Orthodontic Care

Orthodontic care is the prevention and correction of malocclusion of teeth and associated dental and facial disharmonies. Talk to Your dental Provider about getting a pretreatment estimate for Your orthodontic treatment plan, so You have an idea upfront what the treatment and costs will be. You or Your dental Provider should send it to Us so We can help You understand how much is covered by Your benefits.

Dentally Necessary Orthodontic Care. This plan will only cover orthodontic care that is dentally necessary — at least one of these criteria must be present:

- Spacing between adjacent teeth that interferes with Your biting function
- Overbite that causes the lower front (anterior) teeth to impinge on the roof of your mouth when You bite
- The position of Your jaw or teeth impairs Your ability to bite or chew
- On an objective, professional orthodontic severity index, your condition scores consistent with needing orthodontic care

What Orthodontic Care Includes. Orthodontic care may include the following types of treatment:

- Pre-Orthodontic Treatment Exams. Periodic visits with Your dentist to establish when orthodontic treatment should begin.
- Periodic Orthodontic Treatment Visits.
- Limited Treatment. A treatment usually given for minor tooth movement and is not a full treatment case.
- Interceptive Treatment (also known as phase I treatment). This is a limited treatment that is used to prevent or lessen the need for more involved treatment in the future.
- Comprehensive or Complete Treatment. A full kind of treatment that includes all radiographs, diagnostic casts and models, orthodontic appliances and office visits.
- Removable Appliance Therapy. Treatment that uses an appliance that is removable and not cemented or bonded to the teeth.
- Fixed Appliance Therapy. Treatment that uses an appliance that is cemented or bonded to the teeth.
- Complex Surgical Procedures. Surgical procedures give for orthodontic reasons, such as exposing impacted or unerupted teeth, or repositioning of the teeth.

How We Pay for Orthodontic Care. Because orthodontic treatment usually occurs over a long period of time, payments are made over the course of your treatment. In order for Us to continue to pay for Your orthodontic care You must have continuous coverage under this Certificate.

The first payment for orthodontic care is made when treatment begins. Treatment begins when the appliances are installed. Your dental provider should submit the necessary forms telling Us when Your appliance is installed. Payments are then made at six month intervals until the treatment is finished or coverage under this Certificate ends.

If your orthodontic treatment is already in progress (the appliance has been installed) when You begin coverage under this Certificate, the orthodontic treatment benefit under this coverage will be on a pro-rated basis. We will only cover the portion of orthodontic treatment that You are given while covered under this Certificate. We will not pay for any portion of Your treatment that was given before Your Effective Date under this Certificate.

What Orthodontic Care Does NOT Include. The following is not covered as part of Your orthodontic treatment:

- Monthly treatment visits that are billed separately — these costs should already be included in the cost of treatment.
- Repair or replacement of lost, broken, or stolen appliances.
- Orthodontic retention or retainers that are billed separately — these costs should already be included in the cost of treatment.
- Retreatment and services given due to a relapse.
- Inpatient or Outpatient Hospital expenses, unless covered by the medical benefits of this Certificate.
- Any provisional splinting, temporary procedures or interim stabilization of the teeth.

HOW YOUR CLAIMS ARE PAID

This section describes how Your claims are administered, explains the Cost Sharing features of Your Plan, and outlines other important provisions. The specific Cost Sharing features, and the applicable benefit percentages and/or limitations, are outlined in the "Schedule of Cost Share and Benefits" section.

We consider Covered Services to be incurred on the date a service is provided. This is important because You must be actively enrolled on the date the service is provided.

Cost Sharing Requirements

Cost Sharing is how Anthem shares the cost of health care services with You. It means what Anthem is responsible for paying and what You are responsible for paying. You meet Your Cost Sharing requirements through Your payment of Copayments, Deductibles and/or Coinsurance (as described below).

Anthem works with physicians, Hospitals, Pharmacies and other health care Providers to control health care costs. As part of this effort, most Providers who contract with Anthem agree to control costs by giving discounts to Anthem. Most other insurers maintain similar arrangements with Providers.

The contracts between Anthem and Our Network Providers include a "hold harmless" clause which provides that You cannot be held responsible by the Provider for claims owed by Anthem for health care services covered under this Certificate.

****

[Optional Language: HMO Plans Only]

Covered Services that are not obtained from a PCP, SCP or another Network Provider, or that are not Authorized Services will not be covered. The only exceptions are Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, or Urgent Care services received at an Urgent Care Center.

Copayment

Copayment means the fixed dollar amount You may be responsible for when You visit a Provider or fill a Prescription for covered Prescription Drugs at the Retail or Home Delivery Pharmacy. Your Copayment responsibility is shown in Your "Schedule of Cost Share and Benefits." You may have a Copayment for certain services. Whether a Copayment applies to a Covered Service, depends on Your Certificate's benefit design.

Copayments do not apply to the Deductible, however Copayments satisfied in a Calendar Year count towards the Out-of-Pocket Limit.

Coinsurance

Coinsurance means the percentage of the Maximum Allowed Amount for which You are responsible for a specified Covered Service. For example, if Your Coinsurance percentage listed on Your "Schedule of Cost Share and Benefits" is 20%, You are responsible for 20% of the Maximum Allowed Amount. See the explanation of Maximum Allowed Amount in this section for additional information. Whether a Coinsurance applies to a Covered Service depends on Your Plan's benefit design.

Deductible

A Deductible is a specified dollar amount for Covered Services that the Member must pay within each Calendar Year before Anthem reimburses You for Covered Services. A Copayment may be required

before the Deductible for certain Covered Services. The Deductible amount is listed in the "Schedule of Cost Share and Benefits" section. A new Deductible applies at the beginning each Benefit Period.

Deductible Calculation

Each family Member's Maximum Allowed Amounts for Covered Services is applied to his or her individual Deductible. Once two or more family Members' Maximum Allowed Amounts for Covered Services combine to equal the family Deductible, then no other individual Deductible needs to be met for that Calendar Year. No one person can contribute more than his or her individual Deductible to the family Deductible.

The Deductible applies to most Covered Services even those with a zero percent Coinsurance. An example of services not subject to the Deductible is Network preventive care services required by law.

Generally, Copayments are not subject to and do not apply to the Deductible, however to confirm how Your Plan works, please refer to the "Schedule of Cost Share and Benefits."

[Optional Language: POS Plans Only]

The Network and Non-Network Deductibles are separate and do not apply toward each other.

Out-of-Pocket Limit

The Out-of-Pocket Limit for Covered Services is the sum of the Deductible and Copayment/Coinsurance maximums paid in a Benefit Period. The Out-of-Pocket Limit is the most You pay for Covered Services in a Benefit Period. Once You meet Your Out-of-Pocket Limit, Anthem will cover 100% of the Maximum Allowed Amount for Covered Services for the rest of that Benefit Period.

Out-of-Pocket Limit Calculation

The Deductible, Coinsurance, and Copayment amounts incurred in a Calendar Year apply to the Out-of-Pocket Limit.

The individual Out-of-Pocket Limit applies to each covered family Member. Once two or more covered family Members' Out-of-Pocket Limits combine to equal the family Out-of-Pocket Limit amount, the Out-of-Pocket Limit will be satisfied for the family for that Calendar Year. No one person can contribute more than his or her individual Out-of-Pocket Limit.

****

[Optional Language: HMO Plans Only]

Once the Out-of-Pocket Limit is satisfied, no additional Cost Sharing will be required for the remainder of the Calendar Year.

****

[Optional Language: POS Plans Only]

Once the applicable Network Out-of-Pocket Limit is satisfied, no additional Network Cost Sharing will be required for the remainder of the Calendar Year.

Once the applicable Non-Network Out-of-Pocket Limit is satisfied, no additional Cost Sharing will be required for the remainder of the Calendar Year except for Non-Network human organ and bone marrow/stem cell/cord blood transplant services and any charges over the Maximum Allowed Amount.

Network and Non-Network Coinsurance and Out-of-Pocket Limits are separate and do not accumulate toward each other.

The Non-Network Out-of-Pocket Limit does not include Coinsurance for any Non-Network human organ and bone marrow/stem cell/cord blood transplant.

Out-of-Pocket Limit Exceptions

Please read this section very carefully. Not all money that You pay toward Your health care costs are counted toward Your Out-of-Pocket Limit.

Amounts You incur towards Your Deductible, Copayments and/or Coinsurance count towards the Out-of-Pocket Limit. However, the following will never count towards the Out-of-Pocket Limit, nor will they ever be paid under this Plan:

- Amounts exceeding the Maximum Allowed Amount;
- Amounts over any Plan maximum or limitation; and/or
- Expenses for services not covered under this Certificate.

Benefit Levels

Network Providers If Your claim from a Network Provider is approved, We will pay benefits directly to the Network Provider. Except for Deductibles, Copayments and Coinsurance, You are not required to pay any balances to the Provider for Covered Services until after We determine the benefits We will pay.

****

[Optional Language: HMO Plans Only]

Non-Network Providers Except for Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, or Urgent Care services received at an Urgent Care Center, there is no benefit for services rendered by Non-Network Providers unless the services are approved in advance by Anthem.

[Optional Language: POS Plans Only]

Non-Network Providers If You receive Covered Services or supplies from a Provider that does not have a written agreement with Us or who are not contracted for this product, We will determine benefits based on the Provider’s eligibility and licensing. If We do approve Your claim, You will be responsible for the difference between the Non-Network Provider's charge and Our Maximum Allowed Amount, in addition to any applicable Deductible and Coinsurance. We cannot prohibit Non-Network Providers from billing You for the difference in the Non-Network Provider's charge and Our Maximum Allowed Amount.

If a Network Provider of the same specialty is not reasonably accessible, as defined by State law, services pre-authorized by Us and received from a Non-Network Provider will be paid at the higher level of benefits and the Member will not be responsible for the difference between the Maximum Allowed Amount and the Non-Network Providers charge. In this circumstance, please call the number on the back of Your ID Card to coordinate care through a Non-Network Provider.

Benefit Period Maximum

Some Covered Services have a maximum number of days or visits that Anthem will allow during a Benefit Period. When the Deductible is applied to a Covered Service that has a maximum number of days or visits, the maximum benefits may be reduced by the amount applied to the Deductible, whether or not the Covered Service is paid by Us. These maximums apply even if You have satisfied the applicable Out-of-Pocket Limit. See the "Schedule of Cost Share and Benefits" for those services which have a benefit limit.

Balance Billing

Network Providers are prohibited from balance billing. A Network Provider has signed an agreement with Anthem to accept Our determination of the Maximum Allowed Amount or reimbursement rate for Covered Services rendered to a Member who is his or her patient. A Member is not liable for any fee in excess of this determination or negotiated fee, except what is due under the Certificate, e.g., Deductibles (if any) or Coinsurance.

For services from a Non-Network Provider:

- In addition to any Deductible and/or Coinsurance/Copayments, the Non-Network Provider can charge You the difference between their bill and the Plan's Maximum Allowed Amount;
- You may have higher Cost Sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments);
- You will have to pay for services that are not Medically Necessary;
- You will have to pay for non-Covered Services;
- You may have to file claims; and
- You must make sure any necessary Precertification is done.

Maximum Allowed Amount

General

This provision describes how We determine the amount of reimbursement for Covered Services.

Reimbursement for services rendered by Network and Non-Network Providers is based on Your Certificate's Maximum Allowed Amount for the Covered Service that You receive. Please also see "Inter-Plan Programs" provision for additional information.

The Maximum Allowed Amount for this Certificate is the maximum amount of reimbursement We will allow for services and supplies:

- that meet Our definition of Covered Services, to the extent such services and supplies are covered under Your Certificate and are not excluded;
- that are Medically Necessary; and
- that are provided in accordance with all applicable prior-authorization, Utilization Review, or other requirements set forth in Your Certificate.

You will be required to pay a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance.

Generally, services received from a Non-Network Provider under this Certificate are not covered except for Emergency Care, or when services have been previously authorized by Us. When You receive Covered Services from a Non-Network Provider either in an Emergency or when services have been previously authorized, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.

When You receive Covered Services from a Provider, We will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect Our determination of the Maximum Allowed Amount. Our application of these rules does not mean that the Covered Services You received were not Medically Necessary. It means We have determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, Your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same doctor or other healthcare professional, We may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is a Network or a Non-Network Provider.

A Network Provider is a Provider who is in the managed network for this specific product or in other closely managed specialty network, or who has a participation contract with Us. For Covered Services performed by a Network Provider, the Maximum Allowed Amount for Your Certificate is the rate the Provider has agreed with Us to accept as reimbursement for the Covered Services. Because Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send You a bill or collect for amounts above the Maximum Allowed Amount. However, You may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding a Network Provider or visit Our website [www.anthem.com].

Providers who have not signed any contract with Us and are not in any of Our networks are Non-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary Providers. If You use a Non-Network Provider, Your entire claim will be denied except for Emergency Care, or unless the services were previously authorized by Us.

For Covered Services You receive in an Emergency or if previously authorized from a Non-Network Provider, the Maximum Allowed Amount for this Certificate will be one of the following as determined by Us:

1. An amount based on Our Non-Network fee schedule/rate, which We have established in Our discretion, and which We reserve the right to modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar Providers contracted with Anthem, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data; or
2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the Maximum Allowed Amount upon the level or method of reimbursement used by CMS, Anthem will update such information, which is unadjusted for geographic locality, no less than annually; or

3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers' fees and costs to deliver care; or
4. An amount negotiated by Us or a third party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management; or
5. An amount based on or derived from the total charges billed by the Non-Network Provider.

Providers who are not contracted for this product, but are contracted for other products with Us are also considered Non-Network. For this Certificate the Maximum Allowed Amount for services from these Providers will be one of the five methods shown above unless the contract between Anthem and that Provider specifies a different amount.

For services rendered outside Anthem's Service Area by Non-Network Providers, claims may be priced using the local Blue Cross and/or Blue Shield plan's nonparticipating Provider fee schedule/rate or the pricing arrangements required by applicable State or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing We would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price.

Unlike Network Providers, Non-Network Providers may send You a bill and collect for the amount of the Provider's charge that exceeds Our Maximum Allowed Amount. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing a Network Provider will likely result in lower out-of-pocket costs to You. Please call Member Services for help in finding a Non-Network Provider or visit Our website at [www.anthem.com].

Member Services is also available to assist You in determining Your Certificate's Maximum Allowed Amount for a particular service from a Non-Network Provider. In order for Us to assist You, You will need to obtain from Your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider's charges to calculate Your out-of-pocket responsibility. Although Member Services can assist You with this pre-service information, the final Maximum Allowed Amount for Your claim will be based on the actual claim submitted by the Provider.

For Prescription Drugs, the Maximum Allowed Amount is the amount determined by Us using Prescription Drug cost information provided by the Pharmacy Benefits Manager.

Member Cost Share

For certain Covered Services and depending on Your Plan design, You may be required to pay a part of the Maximum Allowed Amount as Your Cost Share amount (for example, Deductible, Copayment, and/or Coinsurance).

We will not provide any reimbursement for non-Covered Services. You will be responsible for the total amount billed by Your Provider for non-Covered Services, regardless of whether such services are performed by a Network or Non-Network Provider. Non-Covered Services include services specifically excluded from coverage by the terms of Your Certificate and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Your day/visit limits.

In some instances You may only be asked to pay the lower Network Cost Sharing amount when You use a Non-Network Provider. For example, if You go to a Network Hospital or Provider Facility and receive Covered Services from a Non-Network Provider such as a radiologist, anesthesiologist or pathologist who is employed by or contracted with a Network Hospital or Facility, You will pay the Network Cost Share amounts for those Covered Services. When You receive Covered Services from a Non-Network Provider, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's charge unless Anthem has authorized Covered Services from a Non-Network Provider due to Provider Network inadequacies or You receive a surprise bill, if applicable.

We and/or Our designated Pharmacy Benefits Manager may receive discounts, rebates, or other funds from drug manufacturers, wholesalers, distributors, and/or similar vendors, which may be related to certain Prescription Drug purchases under this Certificate and which positively impact the cost

effectiveness of Covered Services. These amounts are retained by Us. These amounts will not be applied to Your Deductible, if any, or taken into account in determining Your Copayment or Coinsurance.

Surprise Bill

The following only applies to Providers within the State of Maine:

A surprise bill is a bill for Covered Services, other than Emergency Services, received by a Member for services rendered by a Non-Network Provider at a Network Provider during a service or procedure performed by a Network Provider, or during a service or procedure previously approved or authorized by Us; however, a surprise bill does not include a bill for Covered Services received by a Member if a Network Provider was available and the Member knowingly elected to obtain the services from a Non-Network Provider.

With respect to a surprise bill, a Member is only responsible for what the Member would have paid (any applicable Coinsurance, Copayment, Deductible or other out-of-pocket expense) for a Network Provider. The Non-Network Provider within the State of Maine is prohibited by law from balance billing the Member.

Authorized Services

In some circumstances, We may authorize the Network Cost Share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service You receive from a Non-Network Provider. In such circumstance, You must have Your Primary Care Physician contact Anthem in advance of obtaining the Covered Service. We also will authorize the Network Cost Share amounts to apply to a claim for Covered Services if You receive Emergency Services from a Non-Network Provider and are not able to contact Anthem until after the Covered Service is rendered. If We authorize a Network Cost Share amount to apply to a Covered Service received from a Non-Network Provider, You will not be liable for the difference between the Maximum Allowed Amount and the Non-Network Provider's charge. Please contact Member Services for Authorized Services information or to request authorization.

Maximum Allowed Amount

General

This provision describes how We determine the amount of reimbursement for Covered Services.

Reimbursement for services rendered by Network and Non-Network Providers is based on Your Certificate's Maximum Allowed Amount for the Covered Service that You receive. Please also see the "Inter-Plan Programs" provision for additional information.

The Maximum Allowed Amount for this Certificate is the maximum amount of reimbursement We will allow for services and supplies:

- That meet Our definition of Covered Services, to the extent such services and supplies are covered under Your Certificate and are not excluded;
- That are Medically Necessary; and
- That are provided in accordance with all applicable prior-authorization, Utilization Review or other requirements set forth in Your Certificate.

You will be required to pay a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance. In addition, when You receive Covered Services from a Non-Network Provider, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.

When You receive Covered Services from a Provider, We will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect Our determination of the Maximum Allowed Amount. Our application of these rules does not mean that the Covered Services You received were not Medically Necessary. It means We have determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, Your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same doctor or other healthcare professional, We may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is a Network Provider or a Non-Network Provider.

Services will only be Covered Services if rendered by Network Provider or if rendered by Non-Network Providers located in Maine. Services rendered by Non-Network Providers located outside the State of Maine will not be covered unless the services are for Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, Urgent Care services received at an Urgent Care Center, or the services are approved in advance by Anthem.

A Network Provider is a Provider who is in the managed network for this specific product or in other closely managed specialty network, or who has a participation contract with Us. For Covered Services performed by a Network Provider, the Maximum Allowed Amount for this Certificate is the rate the Provider has agreed with Us to accept as reimbursement for the Covered Services. Because Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send You a bill or collect for amounts above the Maximum Allowed Amount. However, You may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding a Network Provider or visit Our website [www.anthem.com].

Providers who have not signed any contract with Us and are not in any of Our networks are Non-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary Providers.

For Covered Services You receive from a Non-Network Provider, the Maximum Allowed Amount for Your Certificate will be one of the following as determined by Us:

1. An amount based on Our Non-Network Provider fee schedule/rate, which We have established in Our discretion, and which We reserve the right to modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar Providers contracted with Us, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data; or
2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the Maximum Allowed amount upon the level or method of reimbursement used by CMS, Anthem will update such information, which is unadjusted for geographic locality, no less than annually; or
3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers’ fees and costs to deliver care, or

4. An amount negotiated by Us or a third party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management, or
5. An amount based on or derived from the total charges billed by the Non-Network Provider.

Providers who are not contracted for this product, but are contracted for other products with Us are also considered Non-Network. For this Certificate, the Maximum Allowed Amount for services from these Providers will be one of the five methods shown above unless the contract between Us and that Provider specifies a different amount.

For services rendered outside Anthem's Service Area by Non-Network Providers, claims may be priced using the local Blue Cross and/or Blue Shield plan's nonparticipating Provider fee schedule/rate or the pricing arrangements required by applicable State or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing We would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price.

Unlike Network Providers, Non-Network Providers may send You a bill and collect for the amount of the Provider's charge that exceeds Our Maximum Allowed Amount. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing a Network Provider will likely result in lower out-of-pocket costs to You. Please call Member Services for help in finding a Network Provider or visit Our website at [www.anthem.com].

Member Services is also available to assist You in determining Your Certificate's Maximum Allowed Amount for a particular service from a Non-Network Provider. In order for Us to assist You, You will need to obtain from Your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider's charges to calculate Your out-of-pocket responsibility. Although Member Services can assist You with this pre-service information, the final Maximum Allowed Amount for Your claim will be based on the actual claim submitted by the Provider.

For Prescription Drugs, the Maximum Allowed Amount is the amount determined by Us using Prescription Drug cost information provided by the Pharmacy Benefits Manager.

Member Cost Share

For certain Covered Services and depending on Your Plan design, You may be required to pay a part of the Maximum Allowed Amount as Your Cost Share amount (for example, Deductible, Copayment, and/or Coinsurance).

Your Cost Share amount and Out-of-Pocket Limits may vary depending on whether You received services from a Network or Non-Network Provider. Please see the Schedule of Cost Share and Benefits in this Certificate for Your Cost Share responsibilities and limitations, or call Member Service to learn how this benefit program or Cost Share amounts may vary by the type of Provider You use.

We will not provide any reimbursement for non-Covered Services. You may be responsible for the total amount billed by Your Provider for non-Covered Services, regardless of whether such services are performed by a Network or Non-Network Provider. Non-Covered Services include services specifically excluded from coverage by the terms of Your Certificate and received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Your day/visit limits.

In some instances You may only be asked to pay the lower Network Cost Sharing amount when You use a Non-Network Provider. For example, if You go to a Network Hospital or Provider Facility and receive Covered Services from a Non-Network Provider such as a radiologist, anesthesiologist or pathologist who is employed by or contracted with a Network Hospital or Facility, You will pay the Network Cost Share amounts for those Covered Services. When You receive Covered Services from a Non-Network Provider, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's charge unless Anthem has authorized Covered Services from a Non-Network Provider due to Provider Network inadequacies or You receive a surprise bill, if applicable.

We and/or Our designated Pharmacy Benefits Manager may receive discounts, rebates, or other funds from drug manufacturers, wholesalers, distributors, and/or similar vendors, which may be related to certain Prescription Drug purchases under this Certificate and which positively impact the cost

effectiveness of Covered Services. These amounts are retained by Us. These amounts will not be applied to Your Deductible, if any, or taken into account in determining Your Copayment or Coinsurance.

Surprise Bill

The following only applies to Providers within the State of Maine:

A surprise bill is a bill for Covered Services, other than Emergency Services, received by a Member for services rendered by a Non-Network Provider at a Network Provider during a service or procedure performed by a Network Provider, or during a service or procedure previously approved or authorized by Us; however, a surprise bill does not include a bill for Covered Services received by a Member if a Network Provider was available and the Member knowingly elected to obtain the services from a Non-Network Provider.

With respect to a surprise bill, a Member is only responsible for what the Member would have paid (any applicable Coinsurance, Copayment, Deductible or other out-of-pocket expense) for a Network Provider. The Non-Network Provider within the State of Maine is prohibited by law from balance billing the Member.

Authorized Services

In some circumstances, We may authorize the Network Cost Share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service You receive from a Non-Network Provider. In such circumstance, You must have Your Primary Care Physician contact Anthem in advance of obtaining the Covered Service. We also will authorize the Network Cost Share amounts to apply to a claim for Covered Services if You receive Emergency Services from a Non-Network Provider and are not able to contact Anthem until after the Covered Service is rendered. If We authorize a Network Cost Share amount to apply to a Covered Service received from a Non-Network Provider, You will not be liable for the difference between the Maximum Allowed Amount and the Non-Network Provider's charge. Please contact Member Service for Authorized Services information or to request authorization.

Inter-Plan Arrangements

Out-of-Area Services

Overview

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever You access healthcare services outside the geographic area We serve (the "Anthem Service Area"), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

****

[Optional Language]

When You receive care outside of the Anthem Service Area, You will receive it from one of two kinds of Providers. Most Providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some Providers ("nonparticipating providers") don't contract with the Host Blue. We explain below how We pay both kinds of Providers.

For example, Emergency Care or Urgent Care services received at an Urgent Care Center obtained outside the Anthem Service Area is always covered. Any other services will not be covered when processed through any Inter-Plan Arrangements, unless authorized by Anthem.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that you obtain from a Pharmacy and most dental or vision benefits.

A. BlueCard Program

Under the BlueCard Program, when You receive Covered Services within the geographic area served by a Host Blue, We will still fulfill Our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When You receive Covered Services outside the Anthem Service Area and the claim is processed through the BlueCard Program, the amount You pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to Us.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price We used for Your claim because they will not be applied after a claim has already been paid.

B. Special Cases: Value-Based Programs

BlueCard Program

If You receive Covered Services under a value-based program inside a Host Blue's Service Area, You will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or care coordinator fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem through average pricing or fee schedule adjustments. Additional information is available upon request.

C. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or State laws or regulations may require a surcharge, tax or other fee. If applicable, We will include any such surcharge, tax or other fee as part of the claim charge passed on to You.

D. Nonparticipating Providers Outside Our Service Area

1. **Allowed Amounts and Member Liability Calculation**

   When Covered Services are provided outside of Anthem's Service Area by non-participating providers, We may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable State or federal law. In these situations, the amount You pay for such services as Deductible, Copayment or Coinsurance will be based

on that allowed amount Also, You may be responsible for the difference between the amount that the non-participating provider bills and the payment We will make for the Covered Services as set forth in this paragraph. Federal or State law, as applicable, will govern payments for Non-Network Emergency Services.

2. Exceptions

In certain situations, We may use other pricing methods, such as billed charges the pricing We would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price to determine the amount We will pay for services provided by nonparticipating providers. In these situations, You may be liable for the difference between the amount that the nonparticipating provider bills and the payment We make for the Covered Services as set forth in this paragraph.

Notice of Claim

We are not liable under this Certificate unless We receive written notice that Covered Services have been given to You. An expense is considered incurred on the date the service or supply was given.

The notice must be given to Us within 365 days of receiving the Covered Services and must have the data We need to determine benefits. If the notice submitted does not include sufficient data We need to process the claim, then the necessary data must be submitted to Us within the time frames specified in this provision, or no benefits will be payable.

Payment of Benefits

Payment of claims will be made as soon as possible following receipt of the claim, unless more time is required because of incomplete or missing information. We will pay all benefits within 30 days for clean claims. "Clean claim" means a claim submitted by You or a Provider that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment.

If We fail to pay or deny a clean claim in 30 days, and We subsequently pay the claim, We will pay interest to the Provider that submitted the claim, as required under Maine law.

Claim Denials

If benefits are denied, in whole or in part, Anthem will send the Member a written notice within the established time periods described in the section “Payment of Benefits.” The Member or the Member’s duly authorized representative may Appeal the denial as described in the “If You Have a Complaint or an Appeal” section. The adverse determination notice will include the reason(s) for the denial, reference to the Plan provisions(s) on which the denial is based, whether additional information is needed to process the claim and why the information is needed, the claim Appeal procedures and time limits.

If the denial involves a Utilization Review determination, the notice will also specify:

- Whether an internal rule, guideline, protocol or other criterion was relied upon in making the claim decision and that this information is available to the Member upon request and at no charge;
- That an explanation of the scientific or clinical judgment for a decision based on Medical Necessity, Experimental or Investigational treatment or a similar limitation is available to the Member upon request and at no charge.

Claim Forms

Claim forms will usually be available from most Providers. If forms are not available, either send a written request for a claims form to Us, or contact Member Services and ask for a claims form to be sent to You. Claim forms will be furnished to You if needed within 15 days after this written notice. If You do not receive the claims form, written notice of services rendered may be submitted to Us without the claim form. The same information that would be given on the claim form must be included in the written notice of claim. This includes:

- Name of patient.
- Patient’s relationship with the Member.
- Identification number.
- Date, type, and place of service.
- Your signature and the Provider’s signature.

Right of Recovery and Adjustment

Whenever payment has been made in error, or in excess of the maximum amount of payment necessary to satisfy the provisions of this Plan, We will have the right to recover such payment from You or, if applicable, the Provider or otherwise make appropriate adjustments to claims. In most instances, such recovery or adjustment activity shall be limited to the Calendar Year in which the error is discovered.

We have oversight responsibility of compliance with Provider and vendor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, We have established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. We will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount. We may not give You notice

of overpayments made by Us or You if the recovery method makes providing such notice administratively burdensome.

Member's Cooperation

Each Member shall complete and submit to the Plan such authorizations, consents, releases, assignments and other documents as may be requested by the Plan in order to obtain or assure reimbursement under Medicare, Worker's Compensation or any other governmental program. Any Member who fails to cooperate (including a Member who fails to enroll under Part B of the Medicare program where Medicare is the responsible payor) will be responsible for any charge for services.

This authorization remains valid until expressly revoked by notifying Us, Our affiliates, agents or designees in writing of such revocation at any time (except to the extent any action has been taken based on this authorization and/or except as release of such information may be required or authorized by law). Refusal to consent to the release of such information to Us, Our affiliates, agents or designees will permit Us to deny claims for benefits.

Assignment

We may pay either Your physician or You for any care which You have received. Payment will be for the amount due under this Certificate. Benefits are assignable.

Explanation of Benefits

After You receive medical care, You will generally receive an Explanation of Benefits (EOB). The EOB is a summary of the coverage You receive. The EOB is not a bill, but a statement from Us to help You understand the coverage You are receiving. The EOB shows:

- Total amounts charged for services/supplies received;
- The amount of the charges satisfied by Your coverage;
- The amount for which You are responsible (if any);
- General information about Your Appeals rights and for information regarding the right to bring an action after the Appeals process.

Payment Owed to You at Death

Upon the death of a Member, claims will be payable in Our discretion to either the Member's estate or a beneficiary designated to Us. If the Provider is a Network Provider, claims payments will be made to the Provider.

Claims Procedure

Releasing Necessary Information Providers often have information We need to determine Your coverage. As a condition for receiving benefits under this Certificate, You or Your representative must give Us all of the medical information needed to determine Your eligibility for coverage or to process Your claim.

Non-Transfer of Benefits Your benefits under this Certificate are personal to You. You cannot assign or transfer them to any other person.

Non-Compliance If We do not enforce compliance with any provision of this Certificate, We have not waived compliance are not required to allow non-compliance with that provision or any other provision at any time, in any case.

Examination of Insured To ensure that all claims are valid, We may require the Member to have a physical or mental examination at Our expense. In the case of death, this includes an autopsy where it is not prohibited by law.

Explanation and Notice to Parent

If the insured is covered as a Dependent child, and if the insurer is so requested by a parent of the insured, the insurer shall provide that parent with:

- Payment or denial of claim. An explanation of the payment or denial of any claim filed on behalf of the insured, except to the extent that the insured has the right to withhold consent and does not affirmatively consent to notifying the parent;
- Change in terms and conditions. An explanation of any proposed change in the terms and conditions of the policy; or
- Notice of lapse. Reasonable notice that the policy may lapse, but only if the parent has provided the insurer with the address at which the parent may be notified.

In addition, any parent who is able to provide the information necessary for the insurer to process a claim must be permitted to authorize the filing of any claims under the policy.

Claims Review for Fraud, Waste and Abuse

Anthem has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking Emergency Services, Urgent Care services received in an Urgent Care Center or other services authorized by Us in accordance with this Certificate from non-participating or Non-Network Providers could be balanced billed by the non-participating or Non-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

Payment Innovation Programs

We pay Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) - may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by Us from time to time, but they will be generally designed to tie a certain portion of a Network Provider’s total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances,

Network Providers may be required to make payment to Us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect Your access to health care. The Program payments are not made as payment for specific Covered Health Care Services provided to You, but instead, are based on the Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by Us or to Us under the Program(s), and You do not share in any payments made by Network Providers to Us under the Program(s).

IF YOU ARE COVERED BY MORE THAN ONE POLICY

The Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

Please note that several terms specific to this provision are listed below. For this provision, the terms below will have the meanings, as describe in this section. Some of these terms may have different meanings, in other parts of the Certificate. In the rest of the Certificate, the meaning of a term can be determined based on the Definition Section, provided at the end of this Certificate.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans does not exceed 100% of the total Allowable Expense.

Coordination of Benefits Definitions

A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1) Plan includes: group and non-group insurance contracts health maintenance organization (HMO) contracts, Closed Panel Plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

2) Plan does not include: Hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by State law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan means, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when You have health care coverage under more than one Plan.

When This Plan is Primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is Secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

Allowable Expense is a health care expense, including Deductibles, Coinsurance and Copayments that is covered at least in part by any Plan covering You. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging You is not an Allowable Expense.

The Allowable Expense under COB is generally the higher of the Primary and Secondary Plans' allowable amounts. A Network Provider can bill You for any remaining Coinsurance, Deductible and/or Copayment

under the higher of the Plans' allowable amounts. This higher allowable amount may be more than Our Maximum Allowed Amount.

The following are not Allowable Expenses:

(1) The difference between the cost of a semi-private Hospital room and a private Hospital room is not an Allowable Expense, unless one of the Plans provides coverage for private Hospital room expenses.

(2) If a person is covered by 2 or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.

(3) If You are covered by 2 or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.

(4) If You are covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the Provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.

(5) The amount of any benefit reduction by the Primary Plan because a Member has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, Precertification of admissions, and preferred Provider arrangements.

(6) The amount that is subject to the Primary high-deductible health Plan's Deductible, if We have been advised by You that all Plans covering You are high-deductible health plans and You intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986.

(7) Any amounts incurred or claims made under the Prescription Drug program of This Plan.

Closed Panel Plan is a Plan that provides health care benefits primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of Emergency or referral by a panel member.

Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the Calendar Year excluding any temporary visitation.

Order of Benefit Determination Rules

When You are covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.

Except as provided in the paragraph below, a Plan that does not contain a coordination of benefits provision that is consistent with this COB provision is always primary unless the provisions of both Plans state that the complying Plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are placed over base Plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide Non-Network benefits.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is Secondary to that other Plan.

Each Plan determines its order of benefits using the first of the following rules that apply:

Rule (1) Non-Dependent or Dependent. The Plan that covers You other than as a Dependent, for example as an employee, Member, policyholder, Subscriber or retiree is the Primary Plan and the Plan that covers You as a Dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is Secondary to the Plan covering the person as a Dependent; and primary to the Plan covering the person as other than a Dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, Member, policyholder, Subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.

Rule (2) Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:

(A.) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:

- The Plan of the parent whose birthday falls earlier in the Calendar Year is the Primary Plan; or
- If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.

(B.) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

- If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to Plan years commencing after the Plan is given notice of the court decree;
- If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, Rule (2)(A) above shall determine the order of benefits;
- If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, Rule (2)(A) above shall determine the order of benefits; or
- If there is no court decree assigning responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
    - The Plan covering the Custodial parent;
    - The Plan covering the spouse of the Custodial parent;
    - The Plan covering the non-Custodial parent; and then
    - The Plan covering the spouse of the non-Custodial parent.

(C.) For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, Rule (2)(A) or Rule (2)(B) above shall determine the order of benefits as if those individuals were the parents of the child.

Rule (3) Active Employee or Retired or Laid-off Employee. The Plan that covers You as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The Plan covering You as a retired or laid-off employee is the Secondary Plan. The same would hold true if You are a Dependent of an active employee and You are a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if Rule (1) above can determine the order of benefits.

Rule (4) COBRA or State Continuation Coverage. If You are covered under COBRA or under a right of continuation provided by State or other federal law, the Plan covering You as an employee, Member, Subscriber or retiree or covering the person as a Dependent of an employee, Member, Subscriber or

retiree is the Primary Plan and the COBRA or State or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if Rule (1) above can determine the order of benefits.

Rule (5) Longer or Shorter Length of Coverage. The Plan that covered You as an employee, Member, policyholder, Subscriber or retiree longer is the Primary Plan and the Plan that covered You the shorter period of time is the Secondary Plan.

Rule (6) If the preceding rules do not determine the order of benefits, the Allowable Expenses will be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefit of This Plan

When This Plan is Secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Plan Year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim.

Because the Allowable Expense is generally the higher of the Primary and Secondary Plans' allowable amounts, a network Provider can bill You for any remaining Coinsurance, Deductible and/or Copayment under the higher allowable amount. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

If You are enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan; COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts We need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give Us any facts We need to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, We may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by Us is more than We should have paid under this COB provision, We may recover the excess from one or more of the persons We have paid or for whom We have paid; or any other person or organization that may be responsible for the benefits or services provided for the Member. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Coordination with Medicare

You must notify Us if You become eligible for Medicare, including premium free Medicare Part A. Failure to notify Us could result in retroactive benefit adjustments, if Medicare would have been or is the primary payor.

You may choose to continue Your coverage once You are eligible for premium free Medicare Part A and Medicare Part B coverage. However, Your Certificate will not provide benefits that duplicate any benefits payable under Medicare Part A or Part B. This is true even if You fail to exercise Your rights to premium free Medicare Part A and Medicare Part B coverage. If You become eligible for Medicare, You may want to enroll in a Medicare Supplement Plan. Medicare Supplement plans are specifically designed to pay many of the health care costs not covered by Medicare. Because Medicare Supplement plans have limited enrollment periods, it is important to evaluate these plans as soon as You are eligible for Medicare.

IF YOU HAVE A COMPLAINT OR AN APPEAL

Complaints

Our Member Services Representatives are ready to help Members resolve complaints about claims processing, benefit choices, enrollment, or health care given to You by Your Provider. A Member Services Representative may need to send Your complaint to another area for response. The staff that gets the Member complaint will review and quickly give a finding to the Member on the complaint. Anthem will make a good faith effort to get all information quickly. Your Provider may ask by phone, fax or in writing for Us to reconsider an adverse determination within one working day after We get the request. The review will be done by the person who made the adverse determination or by a peer if the first person cannot be on hand within one working day.

For first Utilization Review findings, Anthem will make the decision and will let the Covered Person and their Provider know the result within 2 working days after getting all needed information on a proposed Hospital stay, treatment or service that calls for a review decision.

If Your complaint is not resolved to Your satisfaction, You may seek help through the Appeal process outlined below. Enrollees may begin a first level Appeal at any time.

Complaints Requiring Immediate Intervention

If You are not happy with a finding on a service, We will work with the health care Provider to quickly answer the concern. This will happen before the need for services, when possible, or within 48 hours after receiving all necessary information.

Concurrent review decisions. Anthem will make the decision within one working day after getting all needed information.

In the case of a decision to approve a longer stay or more services, Anthem notifies the Member and the Provider rendering the service within one working day. The written notice will include the number of added days or next review date, the new total number of days or services approved, and the date of admission or initiation of services.

In the case of an adverse determination, Anthem notifies the Member and the Provider rendering the service within one working day. The service will continue without liability to the Member until the Member has been told of the finding.

Expedited Appeals

Anthem has a written process for the expedited review of an adverse determination involving a situation where the time frame of the standard review procedures would seriously threaten the life or health of a Member or would risk the Member's ability to get back maximum function. An expedited Appeal will be available to, and may be requested by, the Member or the Provider acting for the Member.

Expedited Appeals will be reviewed by a clinical peer or peers. The clinical peer/s will not have been part of the first adverse determination.

Anthem will provide expedited review to all requests for a Hospital stay, availability of care, continued stay or health care service for a Member who has received Emergency Services but has not been discharged from a Facility.

In an expedited review, all needed information, including Anthem finding, will be shared between Anthem and the Member or the Provider acting for the covered person by telephone, facsimile, electronic means or the quickest method available.

In an expedited review, Anthem will make a decision and notify the Member and the Provider acting for the Member by phone as quickly as the Member's medical condition requires, but not more than 72 hours after the review is begun. If the expedited review is a concurrent review decision of Emergency Services

or of an initially authorized Hospital stay or course of treatment, the service will be continued without liability to the Member until the Member has been notified of the finding.

If the first notice was not in writing, Anthem will confirm its finding about the expedited review in writing within 2 working days of providing notice of that finding.

Appeals

Level One Appeal Process

You or Your authorized representative, if not satisfied with the first decision or the finding on a complaint, may Appeal the decision to the Anthem Appeals Department. An Appeal may be done orally or in writing. A written Appeal must state plainly the reason(s) why the Member disagrees with Our claim decision, Our refusal to authorize or cover a requested service or supply, or how We calculated the benefit. The Appeal should include any pertinent documents and medical records not originally submitted with the claim or request for the service or supply and any other information that the Member feels may have a bearing on the decision. Also, please include the following details with Your Appeal if You have them:

- The Member's name, address and phone number;
- The identification number as shown on Your Identification Card (including the 3-letter prefix);
- The name of the Provider who will or has provided care;
- The date(s) of service;
- The claim or reference number for the specific decision with which You don't agree; and
- Any bills that You have received from the Provider.

An Appeal of a finding must be sent within 180 calendar days of the date the finding was made, unless there are special circumstances. We have the right to review the reason for the delay and find out whether they warrant acceptance of the Level One Appeal past the 180-day time frame.

On Appeal, the file will be reviewed. Appeals will be reviewed by an appropriate peer or peers who have not been involved with a prior finding. In an Appeal of an adverse health care treatment decision, You have the right to review the claim file. More information may be submitted by or for the Member, any treating physician, or Anthem as part of the internal Appeals process. A finding will be made within 30 days after We receive the request for an Appeal.

The decision will include:

- The names, titles and information that qualifies the person or persons evaluating the Appeal;
- A statement of the reviewers' understanding of the reason for the Covered Person's request for an Appeal;
- The reviewers' finding in clear terms and the reason in enough detail for the Covered Person to respond to the health carrier's finding;
- A reference to the evidence or information used as the basis for the finding, including the clinical review materials used to make the decision. The finding shall include instructions for requesting copies of any referenced evidence, documents or clinical review information not already provided to the Member. Where a Member had already sent in a written request for the review criteria used by Anthem in giving its first adverse determination, the finding shall include copies of any additional clinical review criteria used in arriving at the decision.
- The notice must advise of any additional Appeal rights, and the process and time limit for exercising those rights. Notice of external review rights must be provided to the Enrollee and a description of the process for sending in a written request for second level grievance review.

When the finding is made, if the Member, or Member representative, does not agree with the finding, they may submit a voluntary second level Appeal to Anthem, request an external review, file a complaint with

the Bureau of Insurance and/or bring legal action against Anthem. The Superintendent of Insurance may be contacted toll-free at [1-800-300-5000].

If You choose to request a voluntary second level Appeal, You may meet with the review panel in person, or at Anthem's expense by conference call, video conferencing or other appropriate technology to present Your concerns with Our adverse determination.

Voluntary Level Two Appeal

You may request a voluntary level two Appeal or go straight to an external Appeal. On a Level Two Appeal, the entire record will be reviewed.

Appeals of a clinical nature will be reviewed by an appropriate peer or peers who have not been involved with the prior finding. Additional information may be sent in by or for the Member, any treating Physician, or Anthem. You or Your representative may meet with the review panel. If You do not request to meet in person, the decision for second level grievance reviews will be made within 30 calendar days. If You do request to appear in person, the review will be done within 45 days after We receive the Member's Level Two Appeal. A written decision will be sent to the Member within 5 working days of the review. Once a final decision has been made by the Second Level Appeal panel, the Member may then ask for an external review, file a complaint with the Bureau of Insurance and/or bring legal action against Anthem.

In any Appeal under this procedure in which a professional medical opinion about a health condition is an issue, You may have the right to an independent second opinion, of a Provider of the same specialty, paid for by the Plan.

Upon the request of a Member, Anthem shall provide to the Member all information that was used for that finding that is not confidential or privileged.

A Member has the right to:

- Attend the second level review;
- State his or her case to the review panel;
- Submit added material both before and at the review meeting;
- Ask questions of any employee in the meeting; and
- Be assisted or represented by a person of his or her choice.

Please refer to the section "Prescription Drug List" for the process for submitting an exception request for drugs not on the Prescription Drug List.

External Review Process

Your representative is a person who has Your written consent to represent You in an external review; a person authorized by law to give consent to request an external review for You; or a family member or Your treating physician when You are unable to provide consent to request an external review.

If You, or Your representative, do not agree with the outcome of the Level One or Voluntary Level Two Appeal on an Adverse Health Care Treatment Decision by Anthem, You may make a written request for external review to the Bureau of Insurance. A health care treatment decision involves issues of Medical Necessity, preexisting condition findings and findings regarding Experimental or Investigational services. An Adverse Health Care Treatment Decision is a decision made by Us or on Our behalf denying payment. The request must be made within 12 months of the date the Member has received the final Adverse Health Care Treatment Decision of the Level One or Voluntary Level Two Appeal panel.

You or Your representative may not request an external review until You have completed Level One of the internal Appeals process unless:

- Anthem did not make a decision on an Appeal within the time period required or has failed to follow all the requirements of the Appeal process as State and federal law require, or the Member has asked for an expedited external review at the same time as applying for an expedited internal Appeal;
- Anthem and You both agree to bypass the internal Appeals process;
- The life or health of the Member is at risk;
- The Member has died; or
- The Adverse Health Care Treatment Decision to be reviewed concerns an admission, availability of care, a continued stay or health care services when the claimant has received Emergency Services but has not been discharged from the Facility that provided the Emergency Services.

The Bureau of Insurance will oversee the external review process. Except as stated below, a written finding must be made by the independent review organization within 30 days after receipt of a completed request for external review from the Bureau of Insurance.

Expedited External Review. An external review finding must be made as quickly as a Member's medical condition requires but no more than 72 hours after the completed request for external review is received if the 30-day time frame above would risk the life or health of the Member or would put the Member's ability to get back maximum function at risk.

An external review finding is binding on Anthem. You, or Your representative, may not file a request for a second external review involving the same Adverse Health Care Treatment Decision for which You have already received an external review decision.

Legal Action Against Anthem

No legal action may be brought against Anthem until the Member or the Member's authorized representative has exhausted the complaint and Appeals process outlined above. Any action must be initiated within 3 Years from the earlier of:

- The date of issuance of the written external review decision; or
- The date of issuance of the underlying adverse Level One Appeal decision or the Level One grievance determination notice.

These Dependents must be allowed as a federal tax exemption by the Subscriber or Subscriber's spouse. The Dependent's disability must start before the end of the period he or she would become ineligible for coverage. The Exchange must certify the Dependent's eligibility. The Exchange must be informed of the Dependent's eligibility for continuation of coverage within 60 days after the date the Dependent would normally become ineligible. You must notify the Exchange if the Dependent's tax exemption status changes and if he or she is no longer eligible for continued coverage.

The Exchange may require the Subscriber to submit proof of continued eligibility for any Dependent. Your failure to provide this information could result in termination of a Dependent's coverage.

Temporary custody is not sufficient to establish eligibility under this Certificate. Any foster child who is eligible for benefits provided by any governmental program or law will not be eligible for coverage under this Certificate unless required by the laws of this State.

Open Enrollment

As established by the rules of the Exchange, Qualified Individuals are only permitted to enroll in a Qualified Health Plan (QHP), or as an enrollee to change QHPs, during the annual open enrollment period or a special enrollment period for which the Qualified Individual has experienced a qualifying event.

An annual open enrollment period is provided for Qualified Individuals and enrollees. Qualified Individuals may enroll in a QHP, and enrollees may change QHPs at that time according to rules established by the Exchange.

American Indians are authorized to move from one QHP to another QHP once per month.

Changes Affecting Eligibility and Special Enrollment

A special enrollment period is a period during which a Qualified Individual or enrollee who experiences certain qualifying events or changes in eligibility may enroll in, or change enrollment in, a QHP through the Exchange, outside of the annual open enrollment period.

Length of special enrollment periods: Unless specifically stated otherwise, a Qualified Individual or enrollee has 60 calendar days from the date of a triggering event to select a QHP.

The Exchange must allow Qualified Individuals and enrollees to enroll in or change from one QHP to another as a result of the following triggering events:

- A Qualified Individual or Dependent loses Minimum Essential Coverage;
- A Qualified Individual gains a Dependent or becomes a Dependent through marriage, birth, adoption or placement for adoption;
- An individual, not previously a citizen, national, or lawfully present gains such status;
- A Qualified Individual's enrollment or non-enrollment in a QHP is unintentional, inadvertent, or erroneous and is the result of an error of the Exchange or the Department of Health and Human Services (HHS), or its instrumentalities as determined by the Exchange. In such cases, the Exchange may take such action as may be necessary to correct or eliminate the effects of such error;
- An enrollee demonstrates to the Exchange that the QHP in which he or she is enrolled substantially violated a material provision of its contract in relation to the enrollee;
- An individual is determined newly eligible or newly ineligible for Advance Payments of the Premium Tax Credit or has a change in eligibility for Cost Sharing reductions, regardless of whether such individual is already enrolled in a QHP;
- The Exchange must permit individuals whose existing coverage through an eligible employer sponsored plan will no longer be affordable or provide minimum value for his or her employer's upcoming Plan Year to access this special enrollment period prior to the end of his or her coverage through such eligible employer-sponsored plan;
- A Qualified Individual or enrollee gains access to new QHPs as a result of a permanent move, provided he or she had Minimum Essential Coverage in effect for one or more days of the 60 days prior to the move; and
- A Qualified Individual or enrollee demonstrates to the Exchange, in accordance with HHS guidelines, that the individual meets other exceptional circumstances as the Exchange may provide.

Newborn and Adopted Child Coverage

Newborn children of the Subscriber or the Subscriber's spouse will be covered for an initial period of 31 days from the date of birth. To continue coverage beyond the first 31 days, please contact the Exchange within 60 days of the date of birth to add the child to the Subscriber's Certificate and You must pay Anthem timely for any additional Subscription Charge due.

A child will be considered adopted from the earlier of: (1) the moment of placement for adoption; or (2) the date of an entry of an order granting custody of the child to You. The child will continue to be considered adopted unless the child is removed from Your home prior to issuance of a legal decree of adoption. Please contact the Exchange within 60 days of the placement for adoption or date of adoption to add the child to the Subscriber's Certificate and You must pay Anthem timely for any additional Subscription Charge due.

The newborn of a Member who is a Dependent child is eligible for benefits for Covered Services only from the moment of birth up to and including 31 days immediately following birth, but is not eligible for enrollment beyond this 31 day period under the Certificate until and unless the Subscriber/spouse or domestic partner is appointed by a court as legal guardian and can offer proof of such legal guardianship.

Adding a Child due to Award of Court-Appointed Guardianship

If a Subscriber or the Subscriber's spouse files an application for appointment of guardianship of a child, an application to cover the child under the Subscriber's Certificate must be submitted to the Exchange within 60 days of the date the appointment of guardianship is granted. Coverage will be effective on the date the appointment of guardianship is awarded by the court.

Court Ordered Health Coverage

If You are required by a court order, as defined by applicable State or federal law, to enroll Your child under this Certificate, and the child is otherwise eligible for the coverage, You must request permission from the Exchange for Your child to enroll under this Certificate and once approved by the Exchange, We will provide the benefits of this Certificate in accordance with the applicable requirements of such order.

A child's coverage under this provision will not extend beyond any Dependent age limit. Any claims payable under this Certificate will be paid, at Our discretion, to the child or the child's custodial parent or legal guardian, for any expenses paid by the child, custodial parent, or legal guardian. We will make information available to the child, custodial parent, or legal guardian on how to obtain benefits and submit claims to Us directly.

Effective Date of Coverage

The earliest Effective Date for the annual open enrollment period is the first day of the following Benefit Year for a Qualified Individual who has made a QHP selection during the annual open enrollment period. The applicant's Effective Date is determined by the Exchange based on the receipt of the completed enrollment form. Benefits will not be provided until the applicable Subscription Charge is paid to Anthem.

Effective Dates for special enrollment periods:

1. In the case of birth, adoption or placement for adoption, coverage is effective on the date of birth, adoption, or placement for adoption unless the Subscriber timely requests a different Effective Date. Advance Payments of the Premium Tax Credit and Cost Sharing reductions, if applicable, are not effective until the first day of the following month, unless the birth, adoption, or placement for adoption occurs on the first day of the month;
2. In the case of marriage, coverage is effective on the first day of the month after receipt of the application, as long as the application is received within 60 days of the event; and
3. In the case where a Qualified Individual loses Minimum Essential Coverage, coverage is effective based on when a complete application is received, which must be within 60 days of the qualifying event.

Effective Dates for special enrollment due to loss of Minimum Essential Coverage includes loss of eligibility for coverage as a result of:

1. Legal separation or divorce;
2. Cessation of Dependent status, such as attaining the maximum age;
3. Death of an employee;
4. Termination of employment;

7. A situation in which a plan no longer offers any benefits to the class of similarly situated individuals that includes the individual;
8. Termination of employer contributions; or
9. Exhaustion of COBRA benefits.

Effective Dates for special enrollment due to loss of Minimum Essential Coverage do not include termination or loss due to:

1. Failure to pay premiums on a timely basis, including COBRA premiums prior to expiration of COBRA coverage, or
2. Situations allowing for a rescission such as fraud or intentional misrepresentation of material fact.

Notice of Changes

The Subscriber is responsible to notify the Exchange of any changes that will affect his or her eligibility or that of Dependents for services or benefits under this Certificate. The Exchange must be notified of any changes as soon as possible but no later than within 60 days of the event. This includes changes in address, marriage, divorce, death, changes in income, change of Dependent disability or dependency status. Failure to notify the Exchange of persons no longer eligible for services will not obligate Us to pay for such services. Acceptance of Subscription Charge for persons no longer eligible for services will not obligate Us to pay for such services.

Family coverage should be changed to single coverage when only the Subscriber is eligible. When notice is provided within 60 days of the event, the Effective Date of coverage is the event date causing the change to single coverage. The Exchange must be notified when a Member becomes eligible for Medicare.

All notifications must be in writing and on approved forms or as otherwise required by the Exchange. Such notifications must include all information required to effect the necessary changes.

Statements and Forms

Subscribers or applicants for membership shall complete and submit to the Exchange applications or other forms or statements the Exchange may request. Termination of the Member

Unless prohibited by law, the Member's coverage will terminate if any of the following occurs:

1. The Member terminates his or her coverage with appropriate notice to the Exchange;
2. The Member no longer meets eligibility requirements for coverage in a QHP through the Exchange (examples: divorce, dissolution of domestic partnership, overage Dependent, moves outside the service area, etc.). In this case, the Exchange will send a notice to the Member. Coverage ends on the last day of the month following the month in which the Exchange notifies the Member (unless the Member requests an earlier termination date);
3. The Member fails to pay his or her Subscription Charge, and the grace period has been exhausted;
4. Rescission of the Member's coverage;
5. The QHP terminates or is decertified;
6. The Member changes to another QHP; or
7. The QHP Issuer may terminate coverage as permitted by the Exchange. The Member will be notified by the QHP Issuer as required by law.

"Grace Period" refers to either:

1. The 3-month grace period required for individuals receiving Advance Payments of the Premium Tax Credit; in this case, the last day of coverage will be the last day of the first month of the 3-month grace period; or
2. The grace period required under Maine Law.

Effective Dates of Termination

Termination of coverage is effective on the following date(s):

1. In the case of termination initiated by the Member, the last day of coverage is:
   a) The termination date specified by the Member, if reasonable notice is provided;
   b) Fourteen days after the termination is requested, if the Member does not provide reasonable notice; or
   c) On a date determined by the Member's QHP Issuer, if the Member's QHP Issuer is able to implement termination in fewer than fourteen days and the Member requests an earlier termination Effective Date.
2. If the Member is newly eligible for Medicaid, Children's Health Insurance Program (CHIP), or the Basic Health Plan, the last day of coverage is the day before such coverage begins.
3. In the case where a Member is no longer eligible for coverage in a QHP through the Exchange (examples: divorce, dissolution of domestic partnership, overage Dependent, move outside the service area, etc.), the last day of coverage is the last day of the month following the month in which notice is sent by the Exchange, unless the Member requests an earlier termination Effective Date.

7. The day following the Member's death. When a Subscriber dies, the surviving spouse or domestic partner of the deceased Subscriber, if covered under the Certificate, shall become the Subscriber.

"Reasonable notice" is defined as fourteen days prior to the requested Effective Date of termination.

Guaranteed Renewable

Coverage under this Certificate is guaranteed renewable, except as permitted to be terminated, cancelled, rescinded, or not renewed under applicable State and federal law, provided the Member is a Qualified Individual as determined by the Exchange. The Member may renew this Certificate by payment of the renewal Subscription Charge by the end of the grace period of the Subscription Charge due date, provided the following requirements are satisfied:

1. Eligibility criteria as a Qualified Individual continues to be met.
2. There are no fraudulent or intentional misrepresentations of material fact on the application or under the terms of this Certificate.
3. This Certificate has not been terminated by the Exchange.

Loss of Eligibility

Coverage ends for a Member when he or she no longer meets the eligibility requirements for coverage. You must timely furnish to the Exchange or the QHP Issuer any information requested regarding Your eligibility and the eligibility of Your Dependents. Failure to give timely notification of a loss of eligibility will not obligate Us to provide benefits for ineligible persons, even if We have accepted the Subscription Charge or paid benefits.

Rescission

If within 2 Years after the Effective Date of this Certificate, We discover any act, practice or omission that constitutes fraud or an intentional misrepresentation of material fact that You or Your covered Dependents did not disclose on the application, We may terminate or rescind this Certificate as of the original Effective Date. Additionally, if within 2 Years after adding an additional Dependent (excluding newborn children of the Subscriber added within 31 days of birth), We discover any act, practice or omission that constitutes fraud or an intentional misrepresentation of material fact that You or Your covered Dependent did not disclose on the application, We may terminate or rescind coverage for the additional covered Dependent as of his or her original Effective Date. We will give you at least 30 days written notice prior to rescission of this Certificate.

This Certificate may also be terminated if You engage in fraudulent conduct, furnish Us fraudulent or misleading material information relating to claims or if You knowingly participate in or permit fraud or deception by any Provider, vendor or any other person associated with this Certificate. Termination will be effective 31 days after Our notice of termination is mailed. We will also terminate Your Dependent's coverage, effective on the date Your coverage is terminated.

You are responsible to pay Us for the cost of previously received services based on the Maximum Allowed Amount for such services, less any Copayment/Coinsurance made or Subscription Charge paid for such services. After the 2 Years following Your Effective Date, We may only rescind or terminate Your coverage on the basis of any act, practice or omission that constitutes fraud.

Discontinuation of Coverage

We can refuse to renew Your Certificate if We decide to discontinue a health coverage product that We offer in the individual market. If We discontinue a health coverage product, We will provide You with at least 90 days notice of the discontinuation. In addition, You will be given the option to purchase any health coverage Plan that We currently offer without regard to claims status or health history. Nonrenewal will not affect an existing claim.

Grace Period

If the Subscriber does not pay the full amount of the Subscription Charge by the Subscription Charge due date, the grace period is triggered. The grace period is an additional period of time during which coverage may remain in effect and refers to either the 3-month grace period required for individuals receiving Advance Payments of the Premium Tax Credit (APTC) or for individuals not receiving the APTC, it refers to any other applicable grace period.

If the Subscriber does not pay the required Subscription Charge by the end of the grace period, the Certificate is terminated. In order for a Subscription Charge to be considered paid during the grace period, We must receive it by the last day of the grace period. The application of the grace period to claims is based on the date of service and not on the date the claim was submitted.

Subscriber Receives APTC

If the Subscriber receiving the APTC has previously paid at least one month's Subscription Charge in a Calendar Year, We must provide a grace period of at least three consecutive months. During the grace period, We must apply any payment received to the first billing cycle in which payment was delinquent and continue to collect the APTC. If full Subscription Charge payment is not received during the grace period, the last day of coverage will be the last day of the first month of the 3-month grace period. We must pay claims during the first month of the grace period but may pend claims in the second and third months subject to Anthem's right to terminate the Certificate as provided herein. You will be liable to Us for the Subscription Charge payment due including those for the grace period. You will also be liable to Us for any claims payments made for services incurred after the last day of the first month of the 3-month grace period.

Subscriber Does Not Receive APTC

If the Subscriber is not receiving an APTC, this Certificate has a grace period of 30 days. This means if any Subscription Charge payment, except the first, is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the Certificate will stay in force unless prior to the date Subscription Charge payment is due You give timely written notice to Us that the Certificate is to be terminated. If You do not make the full Subscription Charge payment during the grace period, the Certificate will be terminated on the last day of the grace period. You will be liable to Us for the Subscription Charge payment due including for the grace period. You will also be liable to Us for any claims payments made for services incurred after the last day of the grace period.

After Termination

Once this Certificate is terminated, the former Members cannot reapply until the next annual open enrollment period unless they experience an event that qualifies for a special enrollment period prior to the annual open enrollment period. You have the right to designate another person to receive notice of termination of this Certificate for nonpayment of charges or other lapse or default. We will send the notice to You and the person You designate at the last addresses You provided to Us. You also have the right to change the person You designate if You wish. In order to designate a person to receive this notice or to change a designation, You must fill out a Third Party Notice Request Form. You can obtain this form by contacting Us.

Removal of Members

A Subscriber may terminate the enrollment of any Member from the Plan. If this happens, no benefits will be provided for Covered Services provided after the Member's termination date.

Refund of Subscription Charge

Upon termination, We shall return promptly the unearned portion of any Subscription Charge paid.

Right to Reinstatement

You may be eligible to reinstate the Certificate within 90 days after the date of termination if non-payment of charges or other lapse or default took place because You suffered from cognitive impairment or functional incapacity at the time of termination. For the purposes of this provision, cognitive impairment or functional incapacity means a mental or nervous disorder of demonstrable origin that causes significant impairment.

If You request reinstatement, We may require a physician examination at Your own expense or request medical records that confirm You suffered from cognitive impairment or functional incapacity at the time of termination. If We accept the proof, We will reinstate Your coverage without a break in coverage. We will reinstate the same coverage You had before termination or the coverage You would have been entitled to if the Certificate had not been terminated, subject to the same terms, conditions, exclusions, and limitations. Before We can reinstate Your Certificate, You must pay the amount due from the date of termination through the month in which We bill you within 15 days from Our request. The charges will be the same amount they would have been if the Certificate had remained in force.

If We deny Your request for reinstatement, We will send You a Notice of Denial. You have the right to an Appeal, or to request a hearing before the Superintendent of Insurance within 30 days after the date You receive the Notice of Denial from Us.

Changes in Subscription Charge

The Subscription Charge for this Certificate may change subject to, and as permitted by, applicable law. You will be notified of a change to Your Subscription Charge at the address in Our records 30 days in advance of the Effective Date of the change and You will be notified in 60 days prior to any rate filing that specifically impacts Your Plan. Any such change will apply to Subscription Charges due on or after the Effective Date of change. If advance Subscription Charges have been paid beyond the Effective Date of the rate change, the Subscription Charge will be adjusted as of the Effective Date to comply with the rate change. Additional Subscription Charges may be billed, if necessary, for future periods.

How to pay Your Subscription Charge

After making Your initial Subscription Charge payment, You can make future payments by the following methods:

- Online at [www.anthem.com]
- By mail using the address on Your Subscription Charge notice
- By authorizing Us to automatically deduct Your Subscription Charge payment from Your financial institution account every month
- By using Our mobile application: Anthem Anywhere app

To learn more about any of these options, please contact Member Services at the number on the back of Your Identification Card.

Electronic Funds Transfer

If You submit a personal check for Subscription Charges payment, You automatically authorize Us to convert that check into an electronic payment. We will store a copy of the check and destroy the original paper check. Your payment will be listed on the financial institution account statement as an Electronic Funds Transfer (EFT). Converting Your paper check into an electronic payment does not authorize Us to deduct Subscription Charges from Your account on a monthly basis unless You have given Us prior authorization to do so.

Subscription Charges Paid by a Third Party

Anthem Blue Cross will accept Subscription Charge payments made on behalf of Subscribers if the Subscription Charge is paid by the following persons or entities:

- The Ryan White HIV/AIDS Program;
- Other Federal and State government programs that provide Subscription Charge and Cost Sharing support for specific individuals;

Policies and Procedures

We are able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the Plan more orderly and efficient. Members must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the Plan, We have the authority, in Our sole discretion, to introduce or terminate from time to time, pilot or test programs for disease management or wellness initiatives which may result in the payment of benefits not otherwise specified in this Plan. We reserve the right to discontinue a pilot or test program at any time.

Confidentiality and Release of Information

We will use reasonable efforts, and take the same care to preserve the confidentiality of Your medical information. We may use data collected in the course of providing services hereunder for statistical evaluation and research. If such data is ever released to a third party, it shall be released only in aggregate statistical form without identifying You. Medical information may be released only with Your written consent or as required by law. It must be signed, dated and must specify the nature of the information and to which persons and organizations it may be disclosed. You may access Your own medical records.

A statement describing Our policies and procedures for preserving the confidentiality of medical records is available and will be furnished to You upon request.

Right to Receive and Release Needed Information

Certain facts are needed to apply these rules. We have the right to decide which facts We need. Subject to applicable privacy restrictions, We may obtain needed facts from, or give them to, any other organization or person. We need not tell You or obtain Your consent to do this. Each person claiming benefits under this Plan must give Us any facts We need to pay the claim.

Notice of Privacy Practices

We are committed to protecting the confidential nature of Members' medical information to the fullest extent of the law. In addition to various laws governing Member privacy, We have Our own privacy policies and procedures in place designed to protect Member information. We are required by law to provide individuals with notice of Our legal duties and privacy practices. To obtain a copy of this notice, visit Our website or contact Our Member Services department.

Catastrophic Events

In case of fire, flood, war, civil disturbance, court order, strike, an act of terrorism or other cause beyond Our control, We may be unable to process Your claims on a timely basis. No legal action or lawsuit may be taken against Us due to a delay caused by any of these events. In such an event, however, We shall use reasonable efforts to perform Our respective obligations.

Certificate Changes

We may change this Certificate at any time provided the changes have been approved by the Maine Bureau of Insurance, are in accordance with all applicable laws, and We send written notice 60 days in advance to the Subscriber's latest address in Our records. After We notify the Subscriber of a change, payment of billed charges indicates the acceptance of the change.

Refusal to Follow Recommended Treatment

If a Member refuses treatment that has been recommended by Our Network Provider, the Provider may decide that the Member's refusal compromises the Provider-patient relationship and obstructs the provision of proper medical care. Providers will try to render all necessary and appropriate professional

services according to a Member's wishes, when they are consistent with the Provider's judgment. If a Member refuses to follow the recommended treatment or procedure, the Member is entitled to see another Provider of the same specialty for a second opinion. The Member can also pursue the Appeal process.

Statements and Representations

The statements You make on Your application for coverage with Us are representations and not warranties.

Misstatement of Age

If the Subscription Charge for this Certificate is based on Your age and if Your age has been misstated, the benefits will be those the Subscription Charge paid would have purchased at the correct age.

Notice

Any notice given by Anthem to a Subscriber shall be sufficient if mailed to the Subscriber at his or her address as it appears in Anthem's records. Notice given to Anthem must be sent to Anthem's address as shown in this Certificate. Anthem, or a Member may, by written notice, indicate a new address for giving notice.

Physical Examinations and Autopsy

We, at Our own expense, shall have the right and opportunity to examine the Member when and as often as it may reasonably require during the pendency of a claim and to make an autopsy in case of death where it is not prohibited by law.

Third Party Liability

These provisions apply when We pay benefits as a result of injuries or illness You sustained and You have a right to a Recovery or have received a Recovery as a result of actions or omissions of a third party. We will automatically have a lien upon any Recovery. Our lien will equal the amount of benefits We pay on Your behalf for injuries, disease, condition or loss You sustained as a result of any act or omission for which a third party is liable. Our lien will not exceed the amount We actually paid for those services.

In this section, "Recovery" means money You (or Your estate, parent, trustee or legal guardian) receive, are entitled to receive, or have a right to receive, whether by judgment, award, settlement or otherwise as a result of injury or illness caused by the third party, regardless of whether liability is contested. In this section "third party" refers to any person or entity who is legally responsible in relation to the injuries or illnesses sustained by You for which We paid benefits, including but not limited to the party(ies) who caused the injury or illness ("tortfeasor"), the tortfeasor's insurer, the tortfeasor's indemnifier, the tortfeasor's guarantor, the tortfeasor's principal or any other person or entity responsible or liable for the tortfeasor's acts or omissions, Your own insurer (underinsured or uninsured motorist benefits, medical payments, no fault benefits, personal injury protection, etc.), or any other person, entity, policy or plan that may be liable or responsible in relation to the injuries or illness, to the extent permitted by law.

We, or Our designee, have first priority for the full amount of Our lien and shall be entitled to payment, reimbursement and/or subrogation to the extent of the total amount of Our lien regardless of whether the total amount of the Recovery on account of the injury or illness is less than the actual loss suffered by You (or Your estate, parent, trustee or legal guardian**)**.

Subrogation

- We shall be subrogated to Your rights as to any Recovery and have first priority rights to take whatever legal action necessary against any party or entity to recover Our lien.

- We may proceed in Your name against the responsible party. Additionally, We have the right to recover Our lien from any party responsible for compensating You.
- To the extent the total assets available from a Recovery are insufficient to satisfy in full Our subrogation claim and any claim still held by You, Our subrogation claim shall be first satisfied before any part of a Recovery is applied to Your claim, Your attorney's fees, other expenses or costs.
- We are not responsible for any attorney's fees, other expenses or costs You incur without Our prior written consent. Further, the "common fund" doctrine does not apply to any funds recovered by any attorney You hire regardless of whether funds recovered are used to repay benefits paid by Us.

Right of Reimbursement

- We are entitled to be reimbursed the extent of Our lien on a just and equitable basis.
- Your signed application for coverage submitted to Us constitutes Your prior written approval of Our right of reimbursement.
- Our rights are not limited by any allocation or characterization made in a settlement agreement or court order.
- We are not bound by, nor responsible for any fees or costs recoverable by or assigned to Your attorney as set forth in any fee agreement.

Member's Duties

- Your signed application for coverage and/or Your receipt of benefits under this Plan authorizes and/or acknowledges each of Our rights set forth in this section.
- You, or Your attorney, must notify Us promptly of how, when and where an accident or incident resulting in personal injury or illness to You occurred and all information regarding the parties involved.
- You agree to advise Us, directly or through Your attorney, in writing of Your claim against a third party, or a claim against Your own insurance, within 60 days of making such claim, unless a shorter period of time is prescribed by law, and that You or Your attorney will take such action, furnish such information and assistance, and execute such papers as We may require to facilitate enforcement of Our lien rights.
- Relevant information includes, but is not limited to, police reports, pleadings, settlement agreements, and communications with any party regarding the accident, incident, injury or illness.
- Neither You, nor Your attorney, shall take any action that may prejudice Our rights or interests under this section.
- You and/or Your attorney must cooperate with Us in the investigation, settlement and protection of Our rights.
- You and/or Your attorney must immediately notify Us if a trial is commenced, if a settlement occurs or is consummated, or if potentially dispositive motions are filed in a case.
- You and/or Your attorney must hold in trust the extent of Our lien that is recoverable by Us under the law and the Recovery must not be dissipated or disbursed until such time as We have been repaid in accordance with these provisions.
- If You, or Your attorney, fail to give Us notice, fail to cooperate with Us, or intentionally take any action that prejudices Our rights, You will be in material breach of this Certificate. In the event of such material breach, You will be personally responsible and liable for reimbursing to Us the amount of benefits We paid.

Nothing in this Plan shall be construed to limit Our right to utilize any remedy provided by law to enforce Our rights to recover Our lien.

Any action that interferes with Our right to recover Our lien may result in the termination of coverage as allowed by law for You and Your covered Dependents.

The Plan is entitled to recover any attorney's fees and costs incurred in enforcing any provision in this section.

Severability

In the event that any provision in this Certificate is declared legally invalid by a court of law or determined to be illegal due to the enactment of new legislation or regulations, such provision will be severable and all other provisions of the Certificate will remain in force and effect.

Unauthorized Use of Identification Card

If You permit Your Identification Card to be used by someone else or if You use the card before coverage is in effect or after coverage has ended, You will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage.

Right to Change Plan

No agent or employee of the Plan or other person, except an authorized officer of the Plan, has authority to waive, even if by providing incomplete or incorrect information, any conditions or restrictions or to change the form or content of this Plan, to extend the time for making a payment to the Plan, or to bind the Plan by making any promise or representation or by giving or receiving any information. Such changes can be made only through a written authorization, signed by an officer of the Plan.

Care Coordination

We pay Network Providers in various ways to provide Covered Services to You. For example, sometimes We may pay Network Providers a separate amount for each Covered Service they provide. We may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, We may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, We may pay Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate Network Providers for coordination of Member care. In some instances, Network Providers may be required to make payment to Us because they did not meet certain standards. You do not share in any payments made by Network Providers to Us under these programs.

Medical Policy and Technology Assessment

Anthem reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or Medical Necessity of new technology. Guidance and external validation of Anthem medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 doctors from various medical specialties including Anthem's medical directors, doctors in academic medicine and doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Program Incentives

We may offer incentives from time to time, at Our discretion, in order to introduce You to covered programs and services available under this Plan. The purpose of these incentives include, but is not limited to, making You aware of cost effective benefit options or services, helping You achieve Your best

health, encouraging You to update Member-related information and encouraging You to enroll automatically to pay Subscription Charges electronically. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member Cost Share. Acceptance of these incentives is voluntary as long as Anthem offers the incentives program. We may discontinue an incentive for a particular covered program or service at any time. If You have any questions about whether receipt of an incentive or retailer coupon results in taxable income to You, We recommend that You consult Your tax advisor.

Value-Added Programs

We may offer health or fitness related programs and products to Our Members, through which You may access discounted rates from certain vendors for products and services available to the general public. We may also offer value-added services that include discounts on Pharmacy products (over-the-counter drugs, consultations and biometrics). In addition, You may have access to additional value-added services that include discounts on pet medications, wholesale club memberships, mobile phone minutes and banking and payment services.

The products and services available under this program are not Covered Services under the Plan but are in addition to Plan benefits and may include giveaways that promote a healthy lifestyle. As such, program features are not guaranteed under Your Certificate and could be discontinued at any time. We do not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services You receive.

Voluntary Clinical Quality Programs

We may offer additional opportunities to assist You in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that You have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage You to get certain care when You need it and are separate from Covered Services under Your Plan. These programs are not guaranteed and could be discontinued at any time. We will give You the choice and if You choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, You may receive incentives such as gift cards or retailer coupons, which We encourage You to use for health and wellness related activities or items. Under other clinical quality programs, You may receive a home test kit that allows You to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any Cost Share that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. (If You have any questions about whether receipt of a gift card or retailer coupon results in taxable income to You, We recommend that You consult Your tax advisor.)

- Consistent with generally accepted standards of medical practice;
- Clinically appropriate in terms of type, frequency, extent, site and duration;
- Demonstrated through scientific evidence to be effective in improving health outcomes;
- Representative of "best practices" in the medical profession; and
- Not primarily for the convenience of the Member or physician or other health care practitioner.
